SPECIAL TRAINS TO BE RUN HERE

Will Carry Large Delegations From
Richmond and Shelbyville to
Rushville Tuesday Night

MANY CITIES TO SEND CROWDS

Parade Will Move at 8 O'clock Af-
ter Specials Arrive—Rich-
mond Band Coming

LINE OF MARCH

The parade will form in
First street, with the head sta-
tioned at Main and First and
will move as follows: east in
First to Perkins, north in Per-
kins to Fifth, west in Fifth
to Main, South in Main to Sec-
ond east in Second to Perkins,
South in Perkins to First,
west in First to Main, north in
Main to Ninth and west in
Ninth to coliseum.

Plans for the republican ratifica-
tion here Tuesday night have all
been completed and from all indica-
tions Rushville will see one of the
greatest gatherings in the history of
the city. The parade will be one of
the big features. It was first intend-
ed to confine the parade to marchers
but the idea has been abandoned.
W. A. Alexander is to be grand
marshall of the parade, and will ap-
point his own assistants.

The local committee has received
word that special trains will be run
from Richmond and Shelbyville. The
train from Shelbyville will not ar-
rive until about 7:45 o'clock and the
parade will move promptly at eight
o'clock. There will be plenty of red
fire, drum corps and bands.

The committee has received word
that D. W. Comstock, congressman-
elect, will head the Richmond dele-
gation. Judge Comstock is the
first republican to defeat Finly Gray
in six years and the republicans of
the district are happy over this if
for no other reason. Several mem-
bers of the state committee have
signified their intentions of coming
to Rushville for the celebration. The
speaking will take place in the col-
iseum and in addition to James E.
Watson, Judge Comstock and others
will talk.

Will H. Hays, republican state
chairman, will give a luncheon to-
morrow to the members of the state
committee and the successful candi-
dates and has announced that the
conference will adjourn in time for
the party to come here for the
ratification. It is expected that
practically all of the men attending
the luncheon and conference will
come to Rushville.

The committee has sent an invita-
tion to Will H. Hays, state chair-
man, Jesse Eashbaugh, chairman of
the republican speaking bureau in
the campaign and probable speaker
of the next house of representatives,
and many other prominent republi-
cans in the state. Their attendance
is expected. The Richmond item,
speaking of the special train to
Rushville says in part:

No reduced fare will be possible
for the special train that the Re-
publican county central committee
has ordered for he delegation that
will attend the Rushville Republican
ratification meeting next Tuesday
night. Saturday afternoon it was
announced that the special train
would be provided, but it would re-
quire the full \$1.50 fare for the
round trip. The train will leave
Richmond about 6 p. m. Tuesday,
and will arrive at 7:30 in Rushville.

The Richmond City band will ac-
company the local delegation, which
it is hoped will number at least 200
republicans. The expense of taking
the band will be made up from a
subscription fund. The price of
the special train is guaranteed by
the county central committee.

ALLIES ARE STILL WINNING

Continue to Hammer Lines of East-
ern and Southeastern Fronts

(By United Press.)
London, Nov. 13.—The Russo-
Roumanians and Franco-Serbians
are continuing their hammering
against the lines of every eastern
and southeastern front of the cen-
tral powers today. At some points
the Germans and Austrians are at-
tacking furiously, but according to
advices from all the capitals, the
largest successes are being won by
the allies.

COUNCIL HAS TO APPROPRIATE MORE

County Has Not Enough to Pay
Election Expense Because of
Primary and Registration

COMMISSIONERS MEET TODAY

The county commissioners were
in session today allowing the usual
claims. All of the claims for the
election are not yet in and the ex-
pense will not be paid at this ses-
sion. The county council will like-
ly be called for Nov. 25 at which
time an additional appropriation
will be made with which to meet the
expense. The claims for the elec-
tion will not be paid until the ap-
propriation is made.

At the start of the year the coun-
cil appropriated the sum of \$5,000
for elections. Out of this sum came
the money for the primary and the
registration, leaving only a small
balance with which to pay the ac-
tual election expense. The expense
of the election is expected to run
about the same as in other years,
but the primary and registration add
expense to the county.

CANDIDATES MUST FILE STATEMENTS

Only Two Have Compiled With the
Law, Which Allows Them 30
Days After the Election

MEANS LOSERS AND WINNERS

Candidates for office in the recent
election should not overlook the law
regarding the filing of statements
showing money expended during the
campaign. The law applies both to
successful and defeated candidates.
An itemized statement showing all
expenditures must be filed with the
clerk of the court within thirty days
after the election. The treasurers
of the political parties have twenty
days in which to file the statements.

So far but two candidates have
filed their statements: William R.
Jinnet, successful candidate for
the legislature, spent a total of
\$85.05. Forty dollars of this sum
was contributed to the central com-
mittee and the balance went for
advertising, railway fare and hotel
bills. The other candidate, whose
statement is on file is Elijah A. Bill-
ings, democratic candidate for coun-
ty commissioner from the middle
district. Mr. Billings spent \$53.
Fifty dollars of this sum went to
the democratic central committee
and the rest for cards. Neither of
these two candidates made any
promises.

ASTRONOMER DIES

(By United Press.)

Phoenix, Ari., Nov. 13.—Dr. Per-
ceval Lowell, world famous astron-
omer and head of the observatory at
Flagstaff, Ari., died late last night
of apoplexy according to word re-
ceived here today.

DEMURRAGE ON CARS INCREASED

Local Railway Agents Get Order
Which is Expected to Lessen
Freight Car Shortage

CAUSE OF HIGH COAL PRICES

Two Days Free are Allowed, but for
Each Day Afterwards up to 5
Days Price Increases \$1 a Day

As a part of the nation-wide
scheme to cut down the car short-
age, which has caused the unpre-
cedented rise in the price of coal,
all four railway agents in Rushville
received an order increasing the
price of demurrage on freight cars,
effective December 1.

After that date forty-eight hours
without charge will be allowed for
unloading, but for the first day af-
ter that the charge will be \$1., the
second day \$2., the third day \$3., the
fourth \$4., the fifth day \$5 and each
succeeding day \$5. Heretofore
forty-eight hours has been allowed
free of charge, and for every day
after that the charge has been \$1
a day.

This order was anticipated. A
Rushville coal dealer received a let-
ter from a coal salesman the other
day advising him not to buy any
more coal than was actually needed
because, he said, the situation would
be improved by the first of Decem-
ber and prices would become more
normal.

The order increasing the demur-
rage rates was promulgated by the
National Car Service association,
which controls the situation. The
increase does not apply to coal
shipments alone, but to all classes
of freight. Local railway agents
say that the use of freight cars for
storage purposes has affected not
only the price of coal, but also of
other commodities.

One agent says an embargo will
be placed by the railroads on any
firm which detains a coal car more
than three days. This as much as
the increased demurrage would tend
to release coal cars and make pos-
sible the movement of shipments
from the mines.

Many large utilities and other big
manufacturing concerns have bought
large quantities of coal in the last
few weeks, anticipating a shortage,
and have let the coal stand in the
cars because they have not the stor-
age room to care for such an extra
supply. This has contributed as
much as anything else to the short-
age in coal cars.

Furthermore, on account of the
food speculators buying up large
quantities and paying demurrage
because they have not the storage
room, the freight cars are being
more and more utilized. When this
condition first arose, many coal cars
were used for ordinary freight ship-
ments that would not be damaged by
exposure to the weather. This has
been especially true in the east
where goods have been shipped to
the Atlantic seaboard, and because
of the lack of bottoms for foreign
shipments, the goods have reposed
in the freight cars because the stor-
age accommodations are all used up.

The interstate commerce commis-
sion has taken a hand in the situa-
tion and has been conducting hear-
ings at Louisville, Ky. An order is
expected in a few days compelling
all foreign freight cars to be sent
to the roads to which they belong.
The L. & M. largely devoted to coal
carrying, took a decisive step in this
direction two weeks ago when it
ruled that none of its coal cars
should leave its lines. When the
end of the road is reached, the coal
has to be transferred to another
car.

—R. A. Hendrickson of Indiana-
polis spent the day here on business.

HUNTER IS SHOT IN THE RIGHT LEG

Amputation May Not be Necessary
if Claude Crane of Milroy,
Victim of Accident, Improves

HAPPENS IN RIPLEY COUNTY

Wilbur Colter of Milroy Shoots at
Babbit 40 or 50 Feet Away and
Fails to See Crane

Claude Crane of Milroy was ser-
iously injured late Saturday evening
when he was accidentally shot by
Wilbur Colter. The shooting oc-
curred in Ripley county where they
had gone with a party of other
Milroy men on a hunting trip. Col-
ter shot at a rabbit, which was
forty or fifty feet away from him
and failed to see Crane.

There is only a bare possibility
that Crane's right leg will have to
be amputated just above the knee.
The shot tore his leg badly from the
hip down to the ankle. He was
taken to Versailles and given treat-
ment. If he is not better tomorrow
it is planned to rush him to an In-
dianapolis hospital.

The shell was loaded with No. 7
shot and his right leg was badly
torn and lacerated. Colter has been
in Ripley county for some time
where he and his father are engaged
in building a road. A party of Mil-
roy men went there Saturday to visit
him and to hunt. The accident oc-
curred just before dark Saturday
evening.

Dr. Hoagland of Milroy was called
to Ripley county and is in charge
of the case. He returned to Milroy
last midnight but went back to
Crane's bedside today. No blame
for the shooting is attached to Col-
ter and it is considered to have
been an accident.

Mr. Crane is the proprietor of
shoe stores in Milroy and Brook-
ville, the firm being known as Crane
and Ray. He is well known in this
city and county. There was a
small chance of saving the leg but this was
small. If the amputation is made
his chances for recovery are doubtful.

PRESIDENT BACK ON THE JOB TODAY

Withholds Any Announcement Re-
garding Policies Pending Set-
tlement of Election

WILL BEGIN MESSAGE SOON

(By United Press.)

Washington, Nov. 13.—President
Wilson was back at work in Wash-
ington today. He faced a vast job
which must be cleaned up rapidly.

Pending receipts of a message
from Charles E. Hughes conceding a
democratic victory in the election,
the president withheld any announ-
cement regarding his policies for
the next four years. He has in-
timated to immediate friends, how-
ever, that he will issue some state-
ment upon receipt of Hughes' mes-
sage.

The president will start work soon
on the message to congress to be read
to that body when it reconvenes
next month.

RUSSIAN FLEET ACTIVE

(By United Press.)

Petrograd, Nov. 13.—The Russian
fleet has come to the aid of the
Slavonic armies which are fighting
in the Dobrudja. An official an-
nouncement from the war office to-
day says the fleet has heavily bom-
barded the Roumanian seaport of
Constanza, inflicting great damage.

CONFIDENT OF FREEDOM

Dr. Karl Graves Explains Letters on
Which Blackmail is Based.

(By United Press.)
New York, Nov. 13.—Dr. Karl Ar-
magaarad Graves, "international
spy" expressed himself today as con-
fident of freedom from charges of
blackmailing Countess Von Bernstorff,
wife of the German ambassador.
Letters upon which the blackmail-
ing charges were made in Washington
were explained by Graves as contain-
ing information regarding the U-53
exploits, upon which he says, Count
Von Bernstorff made a stock market
"clean-up."

INTEREST CENTERS ON LECTURE TONIGHT

Dr. Edward Eccleston Will Describe
Work of Plant Breeder at
Meeting Tonight

PROCEEDS WILL BUY BOOKS

Luther Burbank is an American
nurseryman and plant breeder of in-
ternational fame for his extensive
and skillful development of new
forms of plant life through the pro-
cesses of selection and cross fertiliza-
tion.

In 1893, his genius and love for
production of new varieties of
fruits, vegetables and ornamentals
caused him to give up a successful
nursery business, and to undertake
an extensive series of plant breed-
ing experiments, many of which
are being carried out today. His
work is of untold value in a com-
mercial view of his experiments,
but many of the developments of in-
terest to those who see other values.

Dr. Edward Eccleston, the lectur-
er, a member of the Luther Bur-
bank Society, arrived this after-
noon. He will illustrate his lecture
this evening by 120 colored slides.
Everyone should hear and see this
entertainment. The information
available tonight should be had by
everyone.

Admission for adults, 25c; for
will be returned to the advancement
students, 15c. The entire proceeds
of the public schools of the city.
The Luther Burbank library of
twelve large volumes will be pur-
chased.

The lecture begins at eight o'clock
so that all may have a chance to
attend. The doors will not be open-
ed until 7:30 o'clock.

Lon Link of the Rush County
National bank is a member of the
Luther Burbank society and is
greatly interested in the work of
Mr. Burbank.

COERCION CHARGE IS INVESTIGATED

Because of New Development, Al-
leged Election Scandal Hear-
ing is Postponed

VOTES BOUGHT IN THIS STATE

Chicago, Nov. 13.—United States
District Attorney Clynne is today in-
vestigating new charges that large
Chicago business firms made at-
tempts to coerce the votes for their
employees last week.

Because of this new development,
Clynne said the federal grand jury
would postpone its hearings until
later in the week.

It is alleged that \$380,000 was
spent to swing votes in the indus-
trial section of northern Indiana
and that 16,000 votes were bought
in Gary, Michigan City and Lake
county, Indiana.

CALIFORNIA IS COUNTING VOTES

On Outcome of Official Count Will
Depend Whether Hughes' Hopes
Are Blasted.

WILL TAKE AT LEAST A WEEK

Hughes' Lead in Minnesota is Cut to
202—Wileox Will Await
Official Returns.

(By United Press.)

San Francisco, Cal., Nov. 13.—All
California stood expectant today
when the official count of votes for
president began in each of the 58
counties. On the result will hang the
final decision whether Charles E.
Hughes' presidential hopes may be re-
vived or have been definitely blasted.

The checkers representing both
parties were on hand to keep close
watch on the official count. Republi-
can leaders will make their most
careful watch in San Francisco and
other strongly democratic counties.
The democrats will watch more close-
ly in the counties where Hughes re-
ceived a big vote. It is estimated
that it will be more than a week be-
fore the count can be completed.

HOLDS IT NOT UNPATRIOTIC

Chairman Wileox Says it is Natural
to Wait For Official Count.

(By United Press.)

New York, Nov. 13.—Republican
National Chairman Wileox—and
Charles E. Hughes are still waiting
today for official returns before tak-
ing any further action in connection
with last Tuesday's election or pend-
ing President Wilson's congratulatory
message which would concede to him
the election.

"I do not think there is anything
unpatriotic in waiting until we have
official returns before we concede Mr.
Wilson's election," said Wileox.

G. O. P. MAJORITY IN HOUSE

Republicans Have Two More Repre-
sentatives Than Democrats.

(By United Press.)

Washington, Nov. 13.—On the face
of the returns as tabulated unofficially
in Washington today, the republi-
cans will have 218 votes for organi-
zation purposes in the next house of
representatives, the democrats 216,
and one, Meyer London, socialist, un-
attached.

NO COMMISSIONS ISSUED

Indiana Will Give New Credentials
When Count Ends

(By United Press.)

Indianapolis, Ind., Nov. 13.—Her-
man L. Conter, deputy secretary of
state, today announced that full
commissions had not been given can-
didates who won in the recent elec-
tion but they will be given as soon
as official records of the election can
be completed. He stated that an ex-
tra effort is being made at this time
to issue commissions to judges to
take office December 15.

HUGHES' LEAD REDUCED

St. Paul, Minn., Nov. 13.—A big
error in Fairbault, discovered in
official count, with small but con-
sistent gains for Wilson in official
figures, including votes by mail and
the soldiers vote from 13 counties,
cut Hughes' lead in Minnesota to
292.

Amusements

The Gem will show the feature picture "Shoes" for the program tonight. It is a great problem play in which Mary Mac Laren is featured. It is said to be Lois Weber's greatest play and is equal to if not better than "Where are my Children." Tomorrow the second episode of "Liberty" will be shown. This one is entitled "Riding With Death."

The Princess offers the five act drama "The Weakness of Men," for the program tonight. Holbrook Blinn, Eleanor Woodruff and Johnnie Hines are featured. It is said to be a story full of action and flavor of society softened by a romantic touch of the tall timber country Tomorrow the next episode of "The Scarlet Runner" will be shown. This one is entitled "The Masked Ball."

The third episode of "The Shielding Shadow," the wonder serial released by Pathe and produced by Astra will be shown at the Mystic tonight. This one is entitled "The Mystic Defender." The story is characterized by the actions of Revenger, the man of mystery who attempts to secure proof of a forgery committed by One Lamp Louie, which caused Jerry Carson's imprisonment and death. In a cabaret fire Sebastian saves himself and deserts Leontine and she is saved by Revenger.

BREWERIES NEED NOT CLOSE DOWN

Henry Ford Says Those in Michigan May be Used to Manufacture Denatured Alcohol.

COMING AUTOMOBILE FUEL

(By United Press.)

Detroit, Mich., Nov. 13.—Breweries in Michigan need not go out of business because that state has gone dry. It is said that they have an opportunity to bring into the automobile industry a new order of things. This is the plan of Henry Ford.

Ford proposed today that breweries which will be closed by law Jan. 1. be turned into factories for the manufacture of denatured alcohol "the coming automobile fuel."

AMERICANS ARE BELIEVED SAFE

Chinese Workman Says United States Citizens at Parral Were Alive When he Left

VILLISTAS NOT IN THE TOWN

(By United Press.)

El Paso, Texas, Nov. 13.—The first definite information pointing to the safety of the ten Americans at Parral was obtained today by U. S. government officials. A Chinese workman who came overland from Parral to Chihuahua City reached the American border today. He declared to federal agents that the Villistas never entered the town. On the day he left, Nov. 8, he stated he saw two of the Americans alive and believed all the others were safe.

The statement was made to United States Consul Edwards, at Juarez, to be transmitted to the state department in Washington.

New York, Nov. 13.—Political gossip has it pretty well settled that Vance C. McCormick, democratic national chairman is to be taken into president Wilson's cabinet as secretary of war to succeed Newton Baker, who, it is said, will resign March 4.

PLEA FOR A HALF NICKEL.

It Would Be Handy In Making Change and Might Reduce Prices.

The ham sandwich, which was once 5 cents, now frequently costs a dime. The same disturbing truth applies to other things in common life, both inside and outside of lunch rooms. There is no need of statistics from economists to inform us that the cost of living has advanced. Every spender of money knows it. Retailers are more reluctant to put prices up than is generally realized. They know that consumption decreases as prices advance. That means less business, and profits depend partly on large business. When more than the traffic will bear is charged the traffic falls off.

Change making is one of the items in up to date retailing. It must be done quickly if expenses are to be kept down. The young woman at the lunch room desk has not time to count pennies. She must deal in nickels, dimes and quarters if she is to maintain her astonishing speed and accuracy.

We need another coin. Three cent pieces were confused with dimes and were hard to use because they were not fractions of other currency. No one but a statistician thinks in decimals. The rest of us do our sums in fractions. Four three-cent pieces make 12 cents, but there is no such coin. Eight of them make 24 cents, but the coin almost corresponding is worth 1 cent more. If three cent pieces were again issued they would not fill the bill.

With a half nickel it would be different. Half a nickel is a fraction of every coin from the mint. Were there such a coin 5 cent raises would not have been so common. If there should be such a coin many prices would come down.—Boston Globe.

MYSTIC THEATRE

TODAY TODAY

"The Mystic Defender"

Third of The Shielding Shadow.

The story is characterized by the actions of Ravenger, the Man of Mystery who attempts to secure proof of a forgery committed by One-Lamp Louie, who caused Jerry Carson's imprisonment. The fire in a cabaret is a great feature in today's episode. The Shielding Shadow appears in time to save Lontine.

"THE MOTH AND THE FLAME"
A splendid two act Gold Rooster play.

—Mr. and Mrs. John T. Kirkpatrick, Mrs. W. T. Jackson and Miss Mary Jackson motored to Liberty and Richmond yesterday for short visits with friends.

Household Hints

Quick Cake

This recipe is offered with the specific injunction that the ingredients be placed in a bowl all together and beaten rather than added separately, as the success of the cake depends upon this. The cake requires one-third cupful of soft butter, one and one-third cupful of brown sugar, two eggs, one-half cupful of milk, one and one-quarter cupfuls of flour, three teaspoonfuls of baking powder, one-half teaspoonful of cinnamon, one-half teaspoonful of nutmeg and one half pound of dates, stoned and cut in pieces. Bake in buttered and floured cake pan 30 to 40 minutes.

Eggs Stuffed With Cheese

Cut six hard-boiled eggs in halves crosswise, remove the yolks, mash them and add three tablespoonfuls of grated cheese one tablespoonful of vinegar, one-half teaspoonful of salt, one-half teaspoonful of mustard, a few grains of cayenne and enough melted butter or olive oil to make a paste. Shape into balls, re-fill the whites and serve with crisp lettuce.

MASONIC MEETING

Phoenix Lodge No. 62 F. & A. M. will hold their regular stated meeting Tuesday evening at 7:30. A large attendance is desired.

When you buy a range that has proved itself to be the best your money has been well invested. The MAJESTIC DEMONSTRATOR will, during the week commencing Nov. 13 show you why the MAJESTIC is the best, and why it actually saves you money.

Community Loyalty.

Have you ever stopped to consider the fact that loyalty to community interests is the highest type of patriotism? Show us the man who is loyal and true to every interest of his own community and we will show you in that same individual a man in whom his country can repose absolute confidence in any emergency that calls for his allegiance.

On the other hand, the man who is careless and unconcerned for the interests of his community is more than apt to display the same spirit of indifference toward his government or his state should any serious danger threaten either.

One of the most commendable traits of the old Scotch highlanders was their loyalty to their own clan. Good or bad, right or wrong, the clan had their first allegiance. The life and services of each member were always cheerfully placed at the disposal of the clan.

Try to imagine an entire state composed of innumerable communities welded and cemented into a symmetrical whole, each striving to excel the others, but each, from its own local loyalty, developing a broader and deeper loyalty that reaches out and embraces the whole.

Utopia, you say? By no means. Merely what could and would be the result if we could only be brought to see that we owe allegiance to our own people, but that the prosperity of others is in no wise a detriment to us, but rather a help; that if each community would develop itself to the utmost—physically, mentally and morally—none would need be envious of others, neither would any need do aught to detract from another's interests.

Let us develop community loyalty to the full—the highest possible form of patriotism.

Just Neighborliness.

Stop a minute! Think of the great humanizing quality of neighborliness.

Contrast a community where it thrives and flourishes with one where it is a negligible quantity.

Consider how gregarious a creature is man, and how his very nature demands intercourse with his fellows.

Sit down and reckon up the per cent of your comfort and happiness that depends in whole or in part on the good will of your neighbors.

Think what you would be without neighbors—a modern Robinson Crusoe, a hermit.

Honestly, now, don't about nine-tenths of the enjoyments of life come either directly or indirectly from your neighbors. They certainly do.

Well, now, are you doing your part as a neighbor? Remember, your neighbor needs a neighbor as badly as you do—and you are he. Are you doing your full part to pass along the little acts of neighborliness and kindness that are extended to you? Or are you like the sponge, absorb until you are full and never give up until you are squeezed?

Now ask yourself this question: "What would this world be if every other man were just like me?"

Are you a neighbor, or a sponge? Be a Neighbor.

It Isn't Everybody.

It isn't everybody who can observe the Golden Rule, and it isn't everybody that tries.

It isn't everybody who thinks of others while he is thinking of self, and mighty few ever try.

It isn't everybody who goes through life returning good for evil, and outside of the preacher we don't know of a single one who tries much.

Now do you?

Public demonstrations of affection cloak many a battle behind the home doors.

War Order Balance Grows.

At the end of each succeeding month, the Department of Commerce adds its testimony to the already large accumulation of evidence of the beneficial effect of the war upon American business. Its latest statement is for the month of September, which shows our exports to have been \$515,000,000, while our imports were only \$164,000,000, making a balance in our favor of \$351,000,000 for that one month. In the summer of 1914, after the Underwood tariff law had gone into effect and before the outbreak of the war, the Department of Commerce was issuing monthly statements showing that the balance of trade was against us. We were then buying more than we were selling. We were doing that because the Underwood tariff law threw open the gates and permitted the foreigner to sell his goods here and encouraged the American to buy his goods abroad. The war brought about a radical change. Instead of buying from other countries more than we are selling to them, we are now selling to them \$350,000,000 per month more than we are buying. Every thoughtful citizen knows what effect such a change would have in his personal business, and he must, therefore, know what the effect must necessarily be in national commerce. If any man were spending in his private affairs more than he was taking, he would soon drift into bankruptcy. A sudden change which would put him \$351 per month to the good would immediately put him on the high road to prosperity. There you have a fair illustration of the effect of the war upon American business.

When walking in the shadow of death it is wise to hunt the sunny side of the road.

Opportunity may knock at your door, but it won't force its way through the keyhole.

Life begins with a wail and ends with a kick, and there's a dose of both sandwiched in between.

If you simply must open your mouth, whistle. The noise will not be so distressing to other people.

Everybody wants peace in Europe, but nobody wants it on the other fellow's terms. Hit 'er up!

A healthy mind is conducive to a healthy body. A healthy body produces energy and the ability to accomplish things. Start with the mind.

Edward Laundry, the lone survivor of a ship wreck on Lake Superior one day last week, clung to a life belt and was washed ashore, if you can get any consolation out of that.

LUMBER PRODUCTION GROWS

(By United Press.)

Chicago, Nov. 13.—Lumber production increased 13½ per cent over that of last year according to figures compiled by R. S. Kellogg of the National Lumber Manufacturers' Association here. Car shortage and less favorable market conditions now, however, will probably make the total production for the year only 10 per cent greater than in 1915, Kellogg estimated.

Experience in thousands of homes has proved that the MAJESTIC is the one range that gives real satisfaction and cuts down the cost of living. An expert from the MAJESTIC factory will be at our store during the week commencing Nov. 13, and will show you why the MAJESTIC is the only range for you.

MAY BE PUT ON FINANCE BODY

James E. Watson Stands Chance to Get on Important Committee in Senate.

HAD EXPERIENCE IN HOUSE

Was Member of Ways and Means Committee, Which Corresponds to Finance in Senate.

Washington, Nov. 13—While it is impossible to forecast at this time, committee assignments that will fall to Senator-elect James E. Watson of Indiana, it is believed to be possible that he may land on the Senate committee on finance. While this would be an unusual assignment for a new member, Watson formerly was a member of the ways and means committee of the House, which corresponds to the finance committee in the Senate, and is familiar with the duties of membership on the finance committee. Senator Kern, who was defeated Tuesday, is a member of the finance committee.

No other state in the Union will have to surrender more important committee assignments in the House as a result of the election than Indiana. Following are the committee berths held by Indiana members who were defeated: Cullop, interstate and foreign commerce; Moss, banking and currency, mines and mining, expenditures in the Department of Agriculture; Gray, naval affairs; Rauch, appropriations; Cline, foreign affairs, census, elections No. 1.

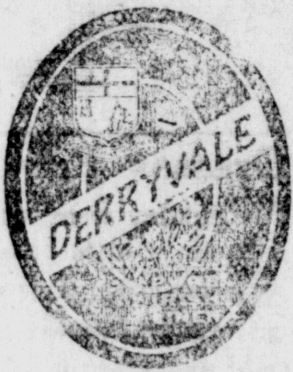

The state also loses its places on the rivers and harbors committee, the invalid pensions committee and chairmanship of patents committee through the retirement, respectively, of Representatives Lieb, Adair and Morrison.

The defeat of Representative Gray removes one of the most prominent opponents of large naval expenditures. Representative Cline is ranking member of the foreign affairs committee and is acting chairman in the absence of Representative Flood of Virginia.

STATED ASSEMBLY

Rush Council No 41 R. & S. M. will hold their regular stated assembly tonight beginning at 7:30. A large attendance is desired.

Opening Announcement Display of "Derryvale" Irish Linens

We have taken the exclusive agency for Rush County of "Derryvale" Irish Linens. For a long time we have sought for linens of exceptional worth, which could be sold at moderate prices. We have found them in "Derryvale" Linens.

THE LINEN INDUSTRY IS HUNDREDS OF YEARS OLD And some of the processes of manufacture have not been improved upon because they could not be. And this very set-ness has also marked the marketing methods, which were not the most economical.

"DERRYVALE" LINENS ARE SOLD DIRECT TO RETAIL STORES INSTEAD OF THROUGH MIDDLEMEN

This saves considerable cost; a saving we pass direct to you. We will be pleased to have every woman in this vicinity see these beautiful Linens and note well the low prices.

"DERRYVALE" LINENS MEAN A GREAT DEAL IN ECONOMICAL HOUSEKEEPING

+++++
Here's Where The Fun Comes In
+++++

Offering Solace

The first returns election night were not very encouraging to James E. Watson and he had visions at first of being defeated. He even expressed his thought, saying that he feared he "was a goner."

"Oh, that's all right daddy," said Joe Cannon Watson, seven-year-old son of Mr. and Mrs. Watson, "maybe another senator will die."

BEAT HIGH COST OF LIVING.

Bismarck, N. D., Nov. 13.—Adoption of the "family style" of serving food in large containers to state prison inmates has saved the state two cents a day despite soaring food prices, officials said today. Convicts were formerly served individually from trays.

WANTS OLD JOB BACK

(By United Press.) Washington, Nov. 13.—The name of Edwin F. Sweet was sent to the president today by Secretary of Commerce Redfield for reappointment as assistant secretary. Sweet resigned to run for governor of Michigan and was defeated.

The offer of an \$8.00 set of kitchen ware FREE to every purchaser of a MAJESTIC during demonstration week is genuine. It is an out and out gift to every purchaser of a MAJESTIC range and the price of this range with a reputation remains the same. NATIONAL BISCUIT COMPANY

Miss Virginia Haydon will entertain the members of her Sunday school class at her home in North Main street this evening.

The Ladies Aid society of the First Baptist church will be entertained on Wednesday afternoon by Mrs. B. W. Reynolds at her home.

The Band of Workers of the First Presbyterian church will be entertained on Wednesday afternoon by Mrs. Laura Carmichael and Mrs. B. O. Simpson at their home in North Main street.

"Indiana Day" will be observed at the meeting of the Sorosis Club to be held with Mrs. Newhouse at her home in Glenwood tomorrow afternoon. An exceedingly interesting program will be carried out.

The members of the Ladies Aid society of the Christian church are requested to meet in the church parlors tomorrow afternoon and to bring their needles and thimbles with them.

The members of the B. Y. C. D. class of the First Baptist church will have an important meeting at the home of Mrs. Mae Lancaster in East Eighth street this evening. The members are all urged to attend.

At their pretty home in New Salem, Mr. and Mrs. E. J. Perkins entertained at dinner Sunday Mr. and Mrs. Ed Perkins and son, Elmer, Mr. and Mrs. Earl Perkins, Mr. and Mrs. Harvey Reed and Mr. and Mrs. J. F. Fore and children, Kate and Merl.

Mr. and Mrs. Norman Crum had as dinner guests at their home in North Jackson street yesterday Mr. and Mrs. Earl Readle and family, and Mr. and Mrs. John Benning of Orange township and Mr. and Mrs. Charles Benning of south of the city.

Mr. and Mrs. Roy Magill entertained at their home in North Main street yesterday Mr. Magill's parents and their family including Mr. and Mrs. George A. Magill and children, Orie, Russell and Edith, of Eaton, Ohio. They made the trip in their machine.

Mr. and Mrs. Lowell Norris gave a pretty dinner party at their home near New Salem yesterday. Chrysanthemums formed the stately bouquets adorning the rooms. A sumptuous course dinner was served at noon to the guests who were Mr. and Mrs. William Dagler, Mrs. Stella Walker of Richmond, Warren Dagler, Ross Ford, and Mr. and Mrs. Fred Dagler.

A dinner in honor of Mr. and Mrs. Marshall Stewart and children, Ruth, Russell and Harriet, was given by Mr. and Mrs. Bert Orme at their home in East Third street yesterday at high noon when an elegant course meal was served. Covers at the dinner were laid for Mr. and Mrs. Claude Smith and daughter, Mr. and Mrs. Lon Stewart, Mr. and Mrs. H. C. Webb, Russell Boyd, and Frank Webb, aside from the guests of honor.

The members of the Missionary societies of all the churches are invited to attend the meeting this evening at the United Presbyterian church, when Miss Kate Hill, a returned missionary from India, is to speak. Miss Hill, whose home is in Mitchellville, Iowa, is said to be an intensely interesting speaker.

On account of the meeting this evening, the regular meeting of the missionary society of the United Presbyterian church, which was to have been held this week, has been called off.

A beautifully appointed six o'clock dinner was given by Mr. and Mrs. Walter Duke at their home in North Perkins street yesterday afternoon. Pretty bouquets of flowers were the attractive decorations. The guests enjoying the hospitality of Mr. and Mrs. Duke at the dinner were Mr. and Mrs. Wilbur Chance of Falmouth, Mr. and Mrs. John Knecht and children, Arthur and Selma, Laurence Knecht, Mr. and Mrs. Ed Oakley and Miss Ethel Oakley and Miss Maymie Kuntz and Ferd Strack of Connersville.

An unusually pleasant and profitable session of the Royal Neighbors was held last evening at their hall on

This Is

A Complete Girl's Store

Everything that girls wear is to be found here in ample assortments, in a full range of sizes and prices and in qualities unquestioned.

The same care and discrimination is used in the selection of girl's wear as in that of ladies. This means that the school girl is permitted to partake of the same style and individuality as does her mother. When you next contemplate making new garments for your daughter, first see those that we offer you ready-made; note the style that you cannot possibly obtain; note that the fabrics are the very best; and then compare the prices of the finished product. Ready-made garments for girls are as far ahead of those made at home as the automobile is ahead of the horse-drawn vehicle.

Dresses For Special Occasions

For Sunday wear, and other times that demand a frock, a little out of the ordinary, we offer a very beautiful assortment of models that are patterned after the latest styles in ladies' wear. Only one dress of a kind in sizes from 8 to 18. The prices range from \$10.00 to \$25.00.

Dresses for School Wear

Warm and serviceable wool dresses of fine serge, mohair, challie, and pretty plaids and checks in school sizes from 6 to 18, and in smaller sizes from 2 to 6.

Part Wool \$2.00 to \$3.00
All Wool \$3.50 to \$9.50

Children's Coats

Scores of models from which to choose, in a variety of fabrics, including velvet, velveteen, corduroy, chinchilla, plush, broadcloth, plaid, zibeline, and heather mixtures.

Sizes 2 to 6 ----- \$1.50 to \$13.50
Sizes 8 to 14 ----- \$2.50 to \$13.50

Middy Suits

As practical a dress as there is for the miss of today. Jean middy suits, all white, or middy white and skirt navy ----- \$2.50
Wool Middy Suits ----- \$4.00 to \$6.50
Splendid wool middy suits for the high school girl or the teacher ----- \$12.50

An elegant assortment of Children's Wash Dresses, Princess make, of gingham and percales, in beautiful styles and plaids

All sizes and all prices

Peter Thompson Dresses of fine French serge, for the high school miss or teacher. Sizes 14 to 20.

Splendid quality outing is used in making our children's gowns, sleeping garments and skirts. Excellent wearing school shoes for both boys and girls.

THE MAUZY CO.

West Fifth street. Beside the local members several out-of-town guests were present, among them being Mrs. Wright of Rushville and Mrs. Anderson of Columbus, Indiana. Mrs. Anderson as district deputy delivered an instructive address to the local organization. Following the program, a luncheon was enjoyed—(Connersville Examiner.)

Mrs. Flora Freeman of San Jose, Cal., was honored at the family dinner given yesterday by Mr. and Mrs. E. L. Kennedy at their home in East Seventh street. Mrs. Kennedy is a sister of Mrs. Freeman. The family gathering was a delightful one and a bountiful dinner was served at noon to the members of this group who were Mr. and Mrs. Oscar Chance of Connersville, Mr. and Mrs. Lon Kennedy and son, Weldon, Mr. and Mrs. Harry McMillin and family, Mr. and Mrs. Karl Kennedy, Mr. and Mrs. Herman Tompkins and son, John K., Mr. and Mrs. Charles Kennedy and family of Mays.

In honor of his 61st birthday, James Newhouse was pleasantly surprised at his home "The Twin Oaks," near Gwynneville yesterday at noon by a number of friends. The pitch-in dinner was served in buffet style and a social afternoon followed. The friends of Mr. Newhouse complimented him in this way were Walter Newhouse of Chicago, Mrs. A. N. Newhouse, Alonzo Newhouse, Marshall Newhouse, Mr. and Mrs. John Cohee, Mr. and Mrs. Greely Mauzy, Mr. and Mrs. Samuel Newhouse, Mrs. Flora Abernathy and daughter, Irene, Mr. and Mrs. Joseph Stevens, Mr. and Mrs. Alva Newhouse and children, Paul and Ruth, and Mr. and Mrs. Charles Caldwell and daughter, Josephine.

HAS YOUR HOUSECLEANING BEEN DELAYED THIS FALL?

HAVE you been compelled to **PUT OFF** the washing of **LACE CURTAINS, Rag Rugs, Wool Blankets and Counterpanes** just because of the **unseasonable weather?** Very likely! Then why not depend upon the good laundry of Rushville? Then you will not be delayed and will be saved lots of bother. There is no such thing as bad or unseasonable weather in the laundry. So far as they're concerned, the sun is always shining. Get rid of bother and delay in the washing incident to housecleaning.

Furnishing Maid's Room

Every housewife wants to keep her servant or servants, not only with her, but happy and contented as well. High wages alone will not achieve this result, nor will easy work. It is natural that the young women who come into our families should wish to be made comfortable while they are with us and that they care much about having attractive surroundings.

The maid's room should be furnished with as much care as any in the house—if possible have the walls painted with some light cheerful color. Also have a painted floor with light rugs. Of course a sanitary wash stand is the best, but a good sized table with enameled cloth is an acceptable substitute. Have a large-sized enameled ware basin, pitcher and hot water can—these implements are much lighter and pleasanter to use than cheap crockery; will not break with careless handling and are easily kept perfectly clean.

The only curtains in the room should be of wash material and kept immaculate. Give the maid a comfortable chair, preferably a rocker with removable cushion, a good light, either lamp or gas, and let her feel that her room is her castle. If possible, give each maid a room to herself. Where this cannot be managed divide the rooms with screens, give each girl her own bed and her own washing appliances.

Nothing can ever settle the so-called "Servant Question," but a neat, comfortable maid's room is a great help towards the solution.

The new telephone number at the residence of Dr. R. J. Hall is 2163, 2081f.

SOCIETY

Social Calendar

Tuesday

Ladies Aid society of the Christian church, in parlors of church at 2:30 o'clock.

O. N. T. Club, with Mrs. George F. Moore at 341 East Sixth street, in the afternoon.

"500" Club, with Mrs. Fred Boxley in North Main street, in the evening.

Sorosis Club, with Mrs. Newhouse at her home in Glenwood in the afternoon.

Mr. and Mrs. Will Meredith entertained at dinner yesterday Mrs. Charlotte Morris, Miss Georgia Morris and Mrs. Eunice Moore.

Mr. and Mrs. Otto Lewark and Mr. and Mrs. William Lewark motored to Shirley yesterday and spent the day with Mr. and Mrs. William Brooks and family.

The Psi Iota Xi initiation and pitch-in supper, which was to have been held on Wednesday afternoon and evening, has been postponed until later on account of the rally.

Mr. and Mrs. L. B. Miller entertained at dinner at their home in North Perkins street yesterday Mrs. Martha Boyd, Mr. and Mrs. John A. Smith, Mr. and Mrs. Robert Brown, all of Milroy. The guests attended church in the morning.

Mrs. Lenore Blackledge entertained at her country home at dinner yesterday when an elegant three course dinner was served. Covers were laid for the Rev. and Mrs. C. M. Yocum, Mr. and Mrs. G. V. Conway, and Mr. and Mrs. William Alexander.

The coming wedding of Miss Ethel Branch of Indianapolis and Ralph Edgerton of Indianapolis but formerly of this city, is of interest to the many friends of Mr. Edgerton here. The announcement was made recently and the wedding is to take place December 4th.

When Miss Effie Young and William Williams of Connersville returned to the home of Miss Young in East Third street Saturday evening from the show, and though it was Miss Young's 19th birthday, she was more than surprised to find the home prettily decorated in airy strands of pink and white, and to be greeted cordially by a number of her young friends. The complete surprise had been arranged by Mr. Williams. The pink and white decorations were augmented with pretty bouquets of carnations of these shades. During the evening, piano and Victrola music was played while the guests danced and, too, tested

their wits in the several clever contests that had been arranged.

A pretty picture awaited them when they were invited into the dining room. It was lit only by the candles on the table, which was centered with the huge birthday cake adorned with the 19 tiny candles. Individual candles were at each of the places and other appointments were carried out in pink and white. The ices and confections suggested these shades, and favors of flowers were given the guests. The hostess was the recipient of a number of lovely gifts.

The young people, who as the guests of Mr. Williams, joined in this delightful evening as a compliment to Miss Young were the Misses Anna Gessler, Ethel Oakley, Kathleen Coyne, Bernice Reynolds of Connersville, Nellie Brown, Eleanor Doll and Albert Sweet, Laurence Knecht, Arthur Dowdy of Connersville, Carl King, Roscoe Best, and Bert Coleasure, all of Connersville.

The beauty of the descriptions in W. H. Hudson's "Green Mansions" was one of the keynotes struck in Miss Margaret Donnan's talk before her class at the home of Mrs. Jane Kincaid in North Morgan street Saturday afternoon. She dwelt particularly upon Mr. Hudson's art in description as shown in this modern novel. Miss Donnan in her own inimitable manner, gave an excellent idea of their color and beauty. She, too, gave a short synopsis of the plot, dwelling briefly with the characterizations. Her choice in the short readings given from the book, brought it before her hearers plainly, too. The opinions of John Galsworthy and several other prominent modern writers concerning the book were given.

Miss Donnan spoke, too, of Margaret Deland's book "The Rising Tide" which contrasts the modern woman and the old-fashioned one. The modern girl, Fredrica, whose mother and grandmother are strictly old-fashioned, is the character about which the plot centers. Her bringing up in peculiar surroundings and her development into a strictly modern woman is the problem of the book, which Miss Donnan compliments very highly.

Tagore's recital in Indianapolis was commented on by Miss Donnan, who spoke of it as "the most interesting thing" she had ever known in Indianapolis. The atmosphere created by his native costume as he read his own poems held the audience mystified. His first intention to speak on "The World of Personality" was changed when he saw he was to speak before, as he called it, a "mixed audience" and instead he spoke on "Nationalism." He was intensely interesting.

At the next meeting of the class, which will be at the home of Mrs. F. G. Hackleman in two weeks, Miss Donnan, aside from reviewing a modern novel will speak on a book of modern poems.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back
hurts or Bladder bothers—Meat
forms uric acid.

We are a nation of meat eaters and
our blood is filled with uric acid, says a
well-known authority, who warns us to
be constantly on guard against kidney
trouble.

The kidneys do their utmost to free
the blood of this irritating acid, but
become weak from the overwork; they
get sluggish; the eliminative tissues clog
and thus the waste is retained in the
blood to poison the entire system.

When your kidneys ache and feel like
lumps of lead, and you have stinging
pains in the back or the urine is cloudy,
full of sediment, or the bladder is irri-
table, obliging you to seek relief during
the night; when you have severe head-
aches, nervous and dizzy spells, sleepless-
ness, acid stomach or rheumatism in bad
weather, get from your pharmacist about
four ounces of Jad Salts; take a
tablespoonful in a glass of water before
breakfast each morning and in a few
days your kidneys will act fine. This
famous salts is made from the acid of
grapes and lemon juice, combined with
lithia, and has been used for generations
to flush and stimulate clogged kidneys,
to neutralize the acids in urine so it is
no longer a source of irritation, thus
ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot
injure; makes a delightful effervescent
lithia-water drink, and nobody can make
a mistake by taking a little occasionally
to keep the kidneys clean and active.

ANITA STEWART SAYS—

The Daily Republican will from
time to time print talks with Anita
Stewart, the celebrated Vitagraph
star, who is frequently seen on the
screen in Rushville and has many
admirers here. Her discussion of
topics will undoubtedly be of immense
interest to women. The first of the
series is given today as follows:

My First Role

Perhaps you will never know how
nervous I was about my ability to
"make good" when I learned that I
was to have a real, true role. Of
course, I had played before the cam-
era before—but never before had the
entire success of a picture depended
upon me.

How many times I read my
"script," dwelling on the scenes which
I believed would be the most import-
ant in the finished picture. Both
mother and myself talked about the
costumes that I was to wear and the
best interpretation of the part, for
all the preceding weeks. I am sure
those about must have found us rather
bore some, for we were both so de-
lighted that we could think of nothing
else.

After my first day of work I was
so frightfully tired that I wondered
if I would live to go through with it.
How did the players do it? I won-
dered.

And finally the whole film had been

taken and was ready to be shown in
one of the projection rooms of the
company. As anxious as I was to see
myself, I entered the room with beat-
ing heart, and almost ran out before
they put the little picture on the
screen.

Everybody was lovely—praising me
enthusiastically when the film was
over and predicting my success within
a few months. Yet I know that my
supreme test was yet to come. What
would the cold, critical public say
about my first big effort? Would they
laugh at the troubles of the little
Wood Violet, or would they cry over
them?

The first run of the picture was in
New York, and both mother and I en-
tered the darkened auditorium in the
middle of the story. Immediately
my fears were gone. My fondest
hopes were at last realized. Visions
of success floated through my brain
in hazy confusion. A sour-faced old
man next to me was catching his
breath to stop the tears. The human
interest and sympathetic touch had
consummated its mission — people
really did think my work was worth
while.

Other parts have since helped me
in the climb up the ladder of success,
but I will never forget this part in
"The Wood Violet." It gave me hope,
and faith in myself; and that is, af-
ter all, half the struggle.

Unshaken Testimony

Time is the test of truth. And
Doan's Kidney Pills have stood the
test in Rushville. No Rushville res-
ident who suffers backache, or an-
noying urinary ills can remain un-
convinced by this twice-told testi-
mony.

E. L. Hinkle 815 N Jackson
street, Rushville, says: "I was on
the verge of Bright's disease. Sharp
pains in my back radiated to all
parts of my body and I was hardly
able to walk. I couldn't rest well,
owing to the irregular action of my
kidneys. I doctored for over a year,
but found no relief whatever. Doan's
Kidney Pills entirely cured me and
made me feel like a different man.
The terrible pains left and the ac-
tion of my kidneys became regular."
Statement given Feb. 26, 1910.)

THE CURE LASTED.

On September 20, 1915, Five
years later, Mr. Hinkle said: "The
cure Doan's Kidney Pills made for
me is still lasting."

Price 50c. at all dealers. Don't
simply ask for a kidney remedy—
get Doan's Kidney Pills—the same
that Mr. Hinkle has twice publicly
recommended. Foster-Milburn Co.,
Buffalo, N. Y.

London—"How did you start
life?" demanded an officer of
the East Hempsted military
tribunal of an applicant for
exemption. "As a baby, I sup-
pose," answered the applicant.
"If you get to flippant you'll
end it as a soldier," the officer
retorted. "Yes, or a corpse,"
the applicant parried when the
appeal was refused.

London—More than 8600
women are now employed on
London street cars either as
"conductresses" or "motorwo-
men."

WAS UNCOMFORTABLE.

Anderson, Ind., Nov. 13.—
Fernandes Wilson, an attor-
ney near Alexandria was
caught by an enraged bull in a
field before he could reach a
place of safety. The bull jump-
ed astride Wilson, who grab-
bed the bull's tail and hung on
so the animal could not paw
him. Assistance reached him
about an hour later.

We have made up another lot of
scratch pads and are now on sale at
the Republican office.

Ford

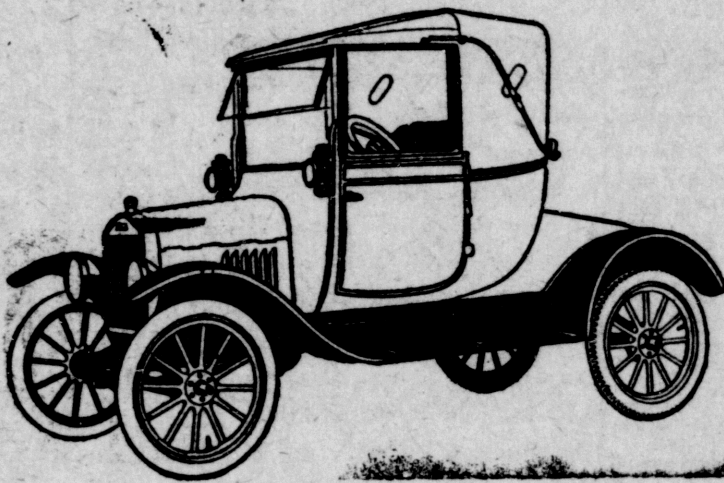

THE UNIVERSAL CAR

Three strong reasons urge you to buy the Ford car: First, because
of its record of satisfactory service to more than fifteen hundred
thousand owners; Second, because of the reliability of the Company
which makes it; Third, because of its large radiator and enclosed
fan, streamline hood, crown fenders front and rear, black finish, nickel
trimmings, it is most attractive in appearance. To these must be
added its wonderful economy in operation and maintenance—about
two cents a mile; likewise the fact that by reason of its simplicity in
construction anyone can operate and care for it. Nine thousand
Ford agents make Ford service as universal as the car. Touring Car
\$360, Runabout \$345, Coupelet \$505, Town Car \$595, Sedan
\$645—f. o. b. Detroit. On sale at

EXTREME WEAKNESS AND SUFFERING

Read How Mrs. Goodling got Relief and Strength.

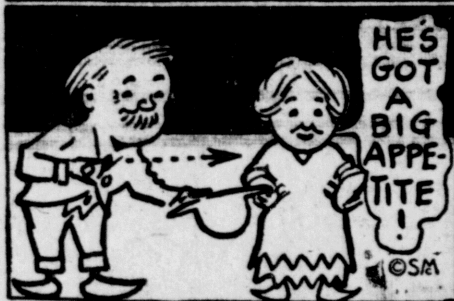

York, Pa.—"I have used Lydia E. Pinkham's Vegetable Compound and found it to be all you say it is. I was so sick that I could not stand at my sink to wash dishes and I could not sit without a pillow under me. I had the doctor every few days but since I have taken the Compound I don't have to send for him. I have had three children and could not raise any of them, but since I have taken the Compound I have a bright baby boy. I advise every suffering woman to try it and get relief. It has done wonders for me."—Mrs. CATHERINE GOODLING, 138 E. King Street, York, Pa.

When a medicine has been successful in bringing health to so many, no woman has a right to say without trying it, "I do not believe it will help me." There must be more than a hundred thousand women in this country who, like Mrs. Goodling, have proven what wonders Lydia E. Pinkham's Vegetable Compound can do for weak and ailing women. Try it and see for yourself.

If there are any complications you don't understand, write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

GOOD PROVIDER'S FAMILY

JAPAN'S TRADE SHOWS GAINS

War Has Also Helped This Country According to Figures Just Made Public.

ENJOYS GREAT PROSPERITY

Exports to South America Has Nearly Doubled Showing This Country Should Get Busy.

BY RALPH H. TURNER.
(U. P. Staff Correspondent.)

Tokio, Nov. 13.—Some idea of the wonderful progress Japan has made in her foreign trade since the war is gained from figures just announced here. In every part of the world this nation has been establishing her products, new markets have been opened and steamship lines, subsidized by the government, extended to every big port of call on the face of the globe.

Greatest prosperity is being enjoyed, perhaps, in the trade with Russia, Japan's ally, who is buying everything from munitions to boots and shoes. In one month, last August—Japan exported goods to Russia valued at \$5,343,600. This figure becomes all the more significant when it is stated that the imports this country received from Russia reached only \$32,125, leaving a balance of \$5,311,475 in favor of the exports.

South America is another part of the world where Japan has found markets which she hardly knew existed before. Exports to the South American countries for the first eight months of this year amounted to \$1,036,660, not a large figure when put alongside records in American trade, but worth considerable attention when it is recalled that during the same period last year Japan's exports to South America were valued at only \$603,574. Thus her trade in that direction has been nearly doubled in a year.

The South American republics to which the principal amounts were exported are: Argentina, \$444,275; Chile, \$352,335; Peru, \$157,017. Japan has found a new and very profitable market in South America—and she intends to hold it.

Then comes China, a market which Japan declares really belongs to her, a market in which she promises to outlive all other foreign powers. During the last ten days of September just one-third of a month—Japan's exports to her neighbor amounted to \$2,446,309. For the first nine months of the year the total amount of exports to China was \$60,751,721, an increase of \$16,156,448 over the corresponding period a year ago.

As an illustration of the way trade with Australia has been growing in the proverbial "leaps and bounds," Japan's largest steamship company, the Nippon Yusen Kaisha, a firm in which the Imperial family owns a great part of the stock, has just added two more vessels to its line to the Antipodes, making a total of ten Japanese vessels which are now plying between this nation and Australian ports.

PIMPPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Do your clothes look yellow? Then use Red Cross Ball Blue; makes them white as snow. All grocers.

Underground Cities of Feudal Days Part of German Defense

(U. P. Staff Correspondent.)

With the French Armies on the Somme, Oct. 22.—(By Mail)—While the cave warfare which has been adopted by the Germans as their latest style of defensive tactics is being greatly facilitated at the southern extremity of the Franco-British offensive by the existence of caves dug by the Hugonots, it is being even more facilitated at the northern extremity of the "big push" by the existence of entire underground villages.

The caves, cellars and vaults, dug by the Hugonots in the province of Santerre, both for refuge and for concealing their valuables, date back to the religious wars which were waged in France several centuries ago. The subterranean villages in the northern part of Picardy are of a more antique origin and go back to feudal times.

As a rule, they are dug into solid rock, and the French General Staff has reason to believe that their existence was not only long ago known to Germans, but long ago counted upon by the German General Staff as a definite means for clinging onto the soil of France.

There is not every reason to believe that the series of underground villages in Picardy is to be utilized largely by the Germans in constituting a new line of defense against the Franco-British drive that has now pushed them entirely out of their three line trench defense which they had regarded as absolutely untakable.

By a combination of circumstances, the immense navigable canal which was being dug in the northern part of France when the war began, and which was to have been one of France's greatest inland waterways, skirts and districts of underground villages on the west and constitutes an additional asset to the Germans for their new line of

defense. This canal starting from Peronne, where it was to connect up with the Somme canal already in existence, traverses the northern half of the pathway of the Allies' offensive, cutting the Bapaume-Cambrai road near Hovins court.

At the moment war was declared this canal was practically completed and ready to have the water turned in. At the foot of Mount Saint Quentin, the French have already reached the banks of this canal, and it has been ascertained that the Germans are utilizing the big ditch for their new line of defenses. This does not constitute a serious fact for the French General Staff, as it is of course in possession of all the details of the canal's construction. What it does regret, however, is that its occupation by the Germans will unquestionably force its complete destruction by the Allies' heavy artillery and the years of time and millions of francs spent in its construction will be entirely wiped out.

Along the line of this canal are also to be found the underground villages of feudal times which it is now known are being organized by the Germans with machine guns for a final resistance. One of the most famous of these subterranean villages is a Hermies, on the banks of the canal. The village is dug in the solid rock, and consists of 115 chambers with about 800 alcoves. The entrance to this village is under the tower of the church and its fortification by the Germans will of course entail the destruction of the entire church edifice by the Allied artillery. Other similar underground villages are to be found in the valley of the Exuette, traversed also by the canal, and at Ypres. Getting the Germans out of these subterranean villages is not considered a serious problem by the French General Staff.

SCOTT'S DRIVES OUT COLDS SEMULSION

When you buy a range that has proved itself to be the best your money has been well invested. The MAJESTIC DEMONSTRATOR will, during the week commencing Nov. 13 show you why the MAJESTIC is the best, and why it actually saves you money.

GUNN HAYDON

Clear, white clothes are proof that the housekeeper uses Red Cross Ball Blue. All grocers.

ALL ARCHITECTS OF THEIR OWN COLDS

Dr. J. N. Hurty Says Whether a Man Shall Have One This Winter Depends on Him Alone.

SAME APPLIES TO OTHER SEX

(By United Press.)

Indianapolis, Ind., Nov. 13.—In an effort to prevent the coughing and sniffling that is general in Indiana every winter, Dr. J. N. Hurty, secretary of the state board of health, has issued a bulletin telling how to prevent getting colds.

Dr. Hurty said, "The best remedy and the best method of prevention that I can offer is to eat moderately and breathe plenty of pure air. Every man is the architect of his own cold."

"Colds usually make their appearance after one has eaten a heavy meal, sat in a closed room with many people and breathed tobacco smoke. Heavy eating lessens the resisting power and give the microbes an opportunity to get in their work."

WANT ADS BRING RESULTS

WAR TAKES ALL FROM HER.

(By United Press.)

Winnipeg, Man., Nov. 13.—Offering up six sons, three step sons and a brother in law to death on France's battlefield, with the Canadian armies, Mrs. Emma Wilkins' spirit of optimism remains undimmed today though she learned her husband died defending the Union Jack in Africa. When England entered Europe's war, she urged ten of her kin to join Canadian colors.

IN INDIANA TODAY

Hartford City—Albert Thomas, a farmer living near here, is on trial today on a charge of first degree murder. He is charged with killing Geraldine Stout, when he threw a bucket of corn into the automobile in which she was riding.

Indianapolis—A twelve day campaign was started today to raise \$200,000 for building a modern boarding house in connection with the Y. W. C. A. Prayer week for the Y. W. C. A. workers of the world was opened yesterday.

Shelbyville—Odd fellows of Shelby county are today celebrating the seventh anniversary of the lodge in this city.

KEEP A JAR OF MUSTEROLE HANDY

It Quickly Loosens Up Coughs and Colds in Throat or Chest

Just a little Musterole rubbed on your sore, tight chest before you go to bed will loosen up congestion and break up most severe colds and coughs.

Musterole is a clean white ointment made with oil of mustard. Simply rub it on. No plaster necessary. Better than mustard plaster and does not blister.

Thousands who use Musterole will tell what relief it gives from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet and colds (it often prevents pneumonia). 25c and 50c jars; hospital size \$2.50.

Examine Your TEETH Tonight

—after you clean them.

You will find, in all probability, an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. YOUR DENTIFRICE does not FULLY CLEAN! Loss of teeth is caused usually by one of two conditions—Pyorrhea or decay, both of which develop, as a rule, only in the mouth where germ-laden tartar is present.

SENRECO, the recently discovered formula of a dental specialist, is two-fold in its action. First, it REALLY CLEANS, embodying specially prepared, soluble granules unusually effective in cleaning away food deposits. Second, it is particularly destructive to the germ of Pyorrhea. Yet it is perfectly safe, containing neither injurious chemicals nor hard grit.

Avoid Pyorrhea and decay. Get Senreco from your dealer today. In large tubes, 25c. Send 4c to Senreco, 304 Walnut Street, Cincinnati, Ohio, for liberal-sized trial package.

OPERA SEASON OPENS TONIGHT

New York Music Lovers Will Have First Opportunity to Hear Some New Songbirds

NEW PIECES PROMISED TOO

Among Foremost to be Presented is Reginald De Koven's "Canterbury Pilgrims."

(By United Press.)

New York, Nov. 13.—New York's season of grand opera which opens tonight at the Metropolitan Opera House is replete with novelties and will give the Greater City's music lovers opportunity to hear several new songbirds.

Among the operas to be sung for the first time is Reginald de Koven's "Canterbury Pilgrims" with book by Percy Mackaye. The presentation will be the opera's world premiere. Other operas to be sung here for the first time are "Iphigenia in Tauris," by Gluck to be sung in German; "Francesca da Rimini," music by R. Zandonai book by Gabriele d'Annunzio, to be sung in Italian and "Les Pecheurs des Perles," by Bizet to be sung in French.

The new artists are Alice Eversman, Odette Le Fontenay, Marie Sundelius, Kathleen Howard, Paul Eisler and Gennaro Papi. Papi is to be second conductor of Italian opera.

Artur Bodansky and Giorgio Polacco have been re-engaged as conductors. The artists of yesteryear re-engaged are:

Sopranos, Frances Alda, Maria Barrientos, Anna Case, Vera Curtis, Emmy Destinn, Minnie Egener, Geraldine Farrar, Rita Forna, Johanna Gadski, Mabel Garrison, Frieda Hempel, Melanie Kurt, Edith Mason, Alice Nielsen, Marie Rappold, Lenora Sparkes and Rosina van Lyck; mezzo-sopranos: Mariska Aldrich, Emma Hornigaglia, Sophie Braslau, Raymonde Delaunoy, Louise Homer, Marie Matfield, Margarete Metzenauer, Florence Mulford, Margarete Ober, Flora Perini, Lila Robeson and Ernestine Schumann-Heink; tenors, Paul Althouse, Pietro Audisio, Angelo Bada, Julius Bayer, Max Bloch, Luca Botta, Enrico Caruso, Riccardo Martin, Giovanni Martinelli, Albert Reiss, Johannes Sembach, and Jacques Urlus; baritones: Pasquale Amato, Bernard Begue, Giuseppe de Luca, Otto Gortitz, Mario Laurenti, Carl Schlegel, Antonio Scotti, Robert Leonhardt, Vincenzo Reschiglian, Riccardo Tegan, Herman Nell, and Clarence Whitehill; basses, Carl Braun, Adamo Didur, Pompilio Malatesta, Arthur Middleton, Giulio Rossi, Leon Rothier, Basil Ruysdael, Andera de Sergurola and Henri Scott.

Giulio Gatti-Gasazza continues as general manager.

Has it ever occurred to you that a worn-out range wastes money in burning too much fuel and spoiling food? A range expert who will have charge of the MAJESTIC DEMONSTRATION during the week commencing Nov. 13 will show you how the MAJESTIC range cuts down household expenses.

205tf. GUNN HAYDON

Red Head Sale Bills

If you are contemplating a Public Sale, call The Daily Republican for prices on Red Head Sale Bills, the kind that you see mostly around the county.

Smearless Carbon Paper

The best carbon paper for stenographers and typewriter users. Does not smear. Sold in any quantity. Also high grade typewriter ribbons. LOUIS C. HINER, at the Republican office. 182tf.

FOUND—a watch at 9th and Maple streets, Saturday morning. Fob contained picture of Hughes. Call at 438 East 8th or phone 1743. 207tf.

LOST—Blue gingham dress between 312 East Seventh street and 905 North Main. Phone 1673. 207tf.

FOUND—pair of ladies white kid gloves, almost new. Call at this office. 204tf.

KIDNEY DISORDER

(By DR. L. C. BABCOCK)

Simple methods are usually the most effective ones when treating any disorder of the human system. The mere drinking of a cup of hot water each morning, plenty of pure water all day, and a little Anurie before every meal has been found the most effective means of overcoming kidney trouble. Death would occur if the kidneys did not work day and night in separating poisons and uric acid from the blood.

The danger signals are backache, depressions, aches, pains, heaviness, drowsiness, irritability, headaches, chilliness, rheumatic twinges, swollen joints, gout.

Since it is such a simple matter to step into your favorite store and obtain Anurie, as every druggist dispenses it, anyone who earnestly desires to regain health and new life will waste no time in beginning this treatment.

All people in America and especially those who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in their arteries, veins and joints. They often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. Such people are not always able to exercise sufficiently in the outdoor air or drink enough pure water in order to sweat freely and excrete impurities thru the skin. Anurie will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant need of getting out of bed at night.

TELLS HOW THEY FIGHT FROM TANK

Diary of Wounded Soldier Describes This Newest Engine Going into Action.

BULLETS FAIL TO STOP THEM

They Go Over Trenches and Through Towns —Creates Sensations When First Started.

(By United Press.) London, Oct. 26.—(By Mail)—A young Australian soldier, wounded while serving as one of the crew in a "tank" has given the world the first real story of what happens when this newest engine of war goes into action. His diary of a week's work in an armored juggernaut follows:

Monday—Out for the first time. Strange sensation. Bullets rained like hail on a galvanized roof. Suddenly gave a terrible lurch. Look-out said we were astride an enemy trench. "Give 'em Hell" was the order. We did. The frightened Germans ran like rabbits but were shot down in bunches. Machine-guns started a rattle on our "hide." Not the least impression. Moved on and caught another German detachment. Cut their ranks to ribbons. Prisoners very curious stared at us wide-eyed. First day's experience not pleasant. "Tank" sickness is as bad as sea-sickness.

Tuesday—Off for another cruise. Peppering began at once. Thought the old tank was going to drown in the shower of bullets. Silly Blighters thought they could rush the tank like a fort. We fired at them point blank. We spat at them venomously.

The blessed old tub gave a lurch. I thought it was goodbye to earth. It was only some German dead and wounded we had skidded into. Rain of bullets sounded like hundreds of rivets being driven into the tank's hide. We got to like the regular rhythm of it. Heavier strumming on our keyboard. Machine-gun at it. There was a tremendous thud about this time. Whole outfit thought we were done for. Only some unwanted obstacles along an enemy parapet. Some Huns tried the rushing dodge. Their rushing days are over.

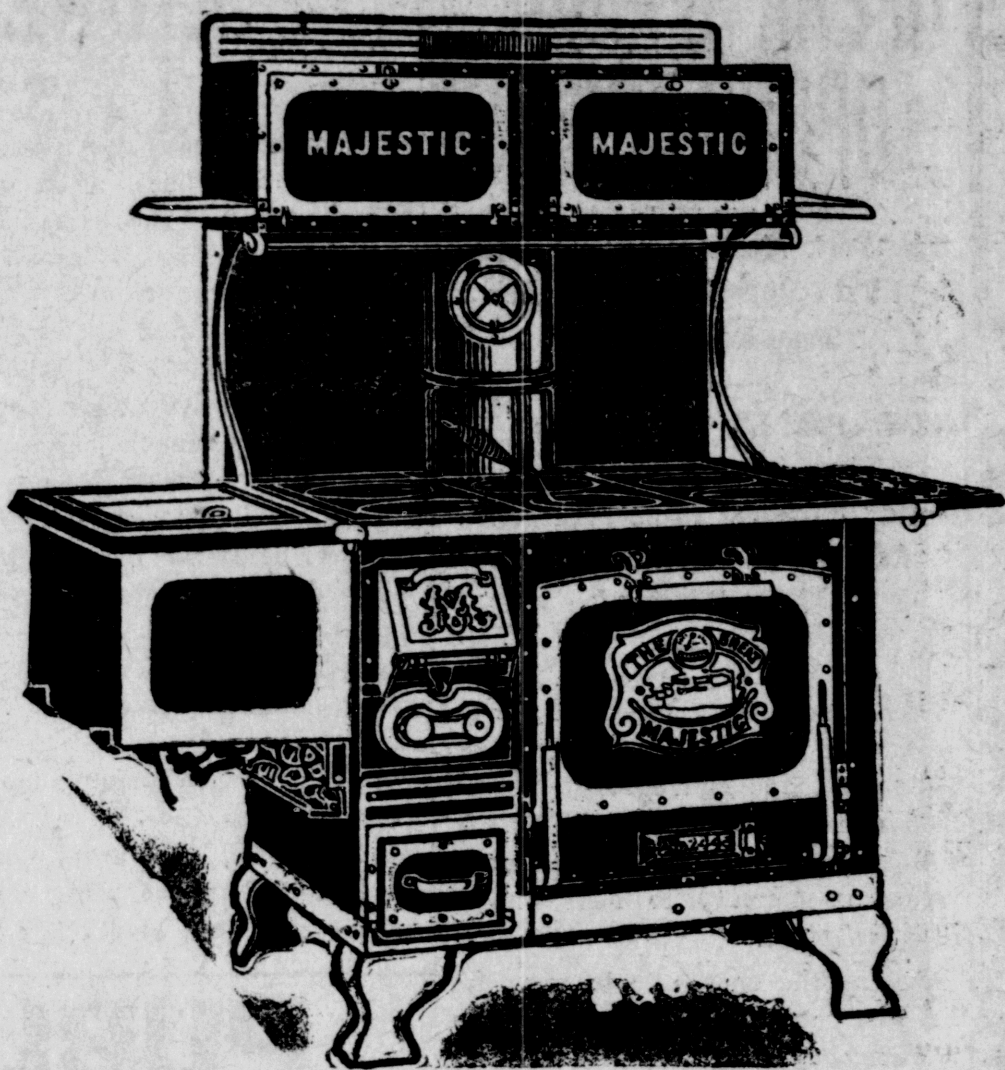

Wednesday—Early start. Roughest voyage yet. Waves of fire seemed to break over us. Party of Germans came to meet us outside the trenches. Thought it was the Mayor and village notables coming to give us a warm welcome. Mistaken. They let fly with machine-guns. Then they tried boarding tactics. We laughed. Tank reception party dispersed in cloud of smoke. Only remaining members fat old gentleman threw himself down before us with many signs of submission.

Thursday—Passed down village street of wrecked houses. Huns rushed out of cellars and dug outs. One blighter rushed at us with clubbed rifle. Made terrible swipe at tank. Hurt himself more than us. Had nice joy ride after a bevy of fleeing Germans. All fat men.

Friday—Early afloat. Usual shower of bullets. Got right across a trench. Enemy tried to run but couldn't. Threw up sponge. One cheeky chap said he didn't think it was fair to use such fighting machines. We asked him if he thought we ought to get the Kaiser's permission to use the tanks. Didn't see the joke. Took about 200 prisoners. Killed and wounded as many more. Tired out.

Saturday—Out before breakfast. Terrible crash first thing. Thought we had encountered wandering world. Weathered storm. Rare sport. Enemy preparing for surprise attack. Our surprise came first. We waddled into their ambush. Never saw men so frightened. Only few chaps stayed behind. Went snorting after them wherever we could find them. Later strong detachments tried to make their way back. We lined up across road gave them hot time. Every time they tried to rush we ripped their ranks to bits. They finally gave up.

Sunday—Frightening Germans continued. Laddled out death as you might vamp out music from a hardgurdy. Fritz got fits. No fight left in him. Prisoners scared to death. Some of them acted as

During this week we will have a special demonstrator from the Majestic Factory to explain how the Majestic is made and why it is absolutely the best range; why it lasts longer and cuts down repair expenses; why it bakes bread evenly, top, sides and bottom without turning; why it uses so little fuel and saves food waste. He will explain its labor saving construction and why it heats an abundance of water good and hot—a mighty convenient and useful thing to have a big supply of hot water always on hand isn't it. To buy a range by mail is almost certain to end in disappointment and loss of money. It may be "exactly as represented" yet not be what you thought it was nor what you wanted. Here you can see every part of the Majestic—you can know what you are getting before you buy. Decide now that you will discontinue using that old, worn-out range. You will save money in fuel, repairs and cooking. Buy a Majestic—the range with 25 years' reputation. The demonstrator will answer any questions relating to stoves.

SYSTEM GROWS BY LEAPS AND BOUNDS

Twice as Many Books Loaned by State Library This Year as During Previous Year.

WORKS ON COUNTRY LIFE

(By United Press.) Indianapolis, Ind., Nov. 13.—Tremendous growth has marked the record of the borrowing system of the state library. During the last year, books loaned to public libraries and individuals over the state numbered twice as many as had been loaned during the previous year.

Demarcus C. Brown, librarian and secretary of the state library board, announced that 11,959 books has been loaned last year with an average of forty-seven each week. Libraries in all of the counties in

the state except one are on the list of borrowers. This in itself is indicative of the interest in the books in the state library which are not in the majority of the libraries in Indiana, according to Brown.

Books most recently acquired for the special use of the borrowers are about country life, the farm, and the small town.

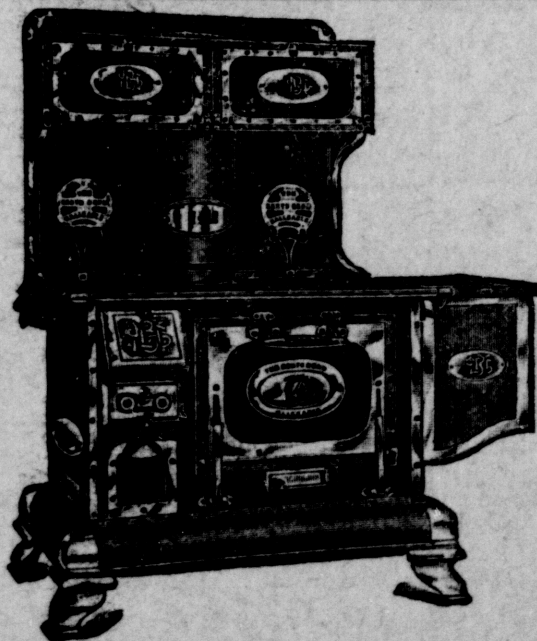

The report for 1915 and 1916 shows that 22,216 books were loaned during that time, an increase over the bi-ennial report of 1913 and 1914, which shows that 12,847 books were loaned for the two years.

SPECIAL TRAINS TO BE RUN HERE

Will Carry Large Delegations From Richmond and Shelbyville to Rushville Tuesday Night

MANY CITIES TO SEND CROWDS

Parade Will Move at 8 O'clock After Specials Arrive—Richmond Band Coming

LINE OF MARCH

The parade will form in First street, with the head stationed at Main and First and will move as follows: east in First to Perkins, north in Perkins to Fifth, west in Fifth to Main, south in Main to Second and east in Second to Perkins, south in Perkins to First, west in First to Main, north in Main to Ninth and west in Ninth to coliseum.

Plans for the republican ratification here Tuesday night have all been completed and from all indications Rushville will see one of the greatest gatherings in the history of the city. The parade will be one of the big features. It was first intended to confine the parade to marchers but the idea has been abandoned. W. A. Alexander is to be grand marshal of the parade, and will appoint his own assistants.

The local committee has received word that special trains will be run from Richmond and Shelbyville. The train from Shelbyville will not arrive until about 7:45 o'clock and the parade will move promptly at eight o'clock. There will be plenty of red fire, drum corps and bands.

The committee has received word that D. W. Comstock, congressman-elect, will head the Richmond delegation. Judge Comstock is the first republican to defeat Finly Gray in six years and the republicans of the district are happy over this if for no other reason. Several members of the state committee have signified their intentions of coming to Rushville for the celebration. The speaking will take place in the coliseum and in addition to James E. Watson, Judge Comstock and others will talk.

Will H. Hays, republican state chairman, will give a luncheon tomorrow to the members of the state committee and the successful candidates and has announced that the conference will adjourn in time for the party to come here for the ratification. It is expected that practically all of the men attending the luncheon and conference will come to Rushville.

The committee has sent an invitation to Will H. Hays, state chairman, Jesse Eashbaugh, chairman of the republican speaking bureau in the campaign and probable speaker of the next house of representatives, and many other prominent republicans in the state. Their attendance is expected. The Richmond item speaking of the special train to Rushville says in part:

No reduced fare will be possible for the special train that the Republican county central committee has ordered for he delegation that will attend the Rushville Republican ratification meeting next Tuesday night. Saturday afternoon it was announced that the special train would be provided, but it would require the full \$1.50 fare for the round trip. The train will leave Richmond about 6 p. m. Tuesday, and will arrive at 7:30 in Rushville.

The Richmond City band will accompany the local delegation, which it is hoped will number at least 200 republicans. The expense of taking the band will be made up from a subscription fund. The price of the special train is guaranteed by the county central committee.

ALLIES ARE STILL WINNING

Continue to Hammer Lines of Eastern and Southeastern Fronts

(By United Press.) London, Nov. 13.—The Russo-Romanians and Franco-Serbians are continuing their hammering against the lines of every eastern and southeastern front of the central powers today. At some points the Germans and Austrians are attacking furiously, but according to advices from all the capitals, the largest successes are being won by the allies.

COUNCIL HAS TO APPROPRIATE MORE

County Has Not Enough to Pay Election Expense Because of Primary and Registration

COMMISSIONERS MEET TODAY

The county commissioners were in session today allowing the usual claims. All of the claims for the election are not yet in and the expense will not be paid at this session. The county council will likely be called for Nov. 25 at which time an additional appropriation will be made with which to meet the expense. The claims for the election will not be paid until the appropriation is made.

At the start of the year the council appropriated the sum of \$5,000 for elections. Out of this sum came the money for the primary and the registration, leaving only a small balance with which to pay the actual election expense. The expense of the election is expected to run about the same as in other years, but the primary and registration add expense to the county.

CANDIDATES MUST FILE STATEMENTS

Only Two Have Compiled With the Law, Which Allows Them 30 Days After the Election

MEANS LOSERS AND WINNERS

Candidates for office in the recent election should not overlook the law regarding the filing of statements showing money expended during the campaign. The law applies both to successful and defeated candidates. An itemized statement showing all expenditures must be filed with the clerk of the court within thirty days after the election. The treasurers of the political parties have twenty days in which to file the statements.

So far but two candidates have filed their statements: William R. Jinnett, successful candidate for the legislature, spent a total of \$85.05. Forty dollars of this sum was contributed to the central committee and the balance went for advertising, railway fare and hotel bills. The other candidate, whose statement is on file is Elijah A. Billings, democratic candidate for county commissioner from the middle district. Mr. Billings spent \$53. Fifty dollars of this sum went to the democratic central committee and the rest for cards. Neither of these two candidates made any promises.

ASTRONOMER DIES

(By United Press.) Phoenix, Ari., Nov. 13.—Dr. Percival Lowell, world famous astronomer and head of the observatory at Flagstaff, Ari., died late last night of apoplexy according to word received here today.

DEMURRAGE ON CARS INCREASED

Local Railway Agents Get Order Which is Expected to Lessen Freight Car Shortage

CAUSE OF HIGH COAL PRICES

Two Days Free are Allowed, but for Each Day Afterwards up to 5 Days Price Increases \$1 a Day

As a part of the nation-wide scheme to cut down the car shortage, which has caused the unprecedented rise in the price of coal, all four railway agents in Rushville received an order increasing the price of demurrage on freight cars, effective December 1.

After that date forty-eight hours without charge will be allowed for unloading, but for the first day after that the charge will be \$1, the second day \$2, the third day \$3, the fourth \$4, the fifth day \$5 and each succeeding day \$5. Heretofore forty-eight hours has been allowed free of charge, and for every day after that the charge has been \$1 a day.

This order was anticipated. A Rushville coal dealer received a letter from a coal salesman the other day advising him not to buy any more coal than was actually needed because, he said, the situation would be improved by the first of December and prices would become more normal.

The order increasing the demurrage rates was promulgated by the National Car Service association, which controls the situation. The increase does not apply to coal shipments alone, but to all classes of freight. Local railway agents say that the use of freight cars for storage purposes has affected not only the price of coal, but also of other commodities.

One agent says an embargo will be placed by the railroads on any firm which detains a coal car more than three days. This as much as the increased demurrage would tend to release coal cars and make possible the movement of shipments from the mines.

Many large utilities and other big manufacturing concerns have bought large quantities of coal in the last few weeks, anticipating a shortage, and have let the coal stand in the cars because they have not the storage room to care for such an extra supply. This has contributed as much as anything else to the shortage in coal cars.

Furthermore, on account of the food speculators' buying up large quantities and paying demurrage because they have not the storage room, the freight cars are being more and more utilized. When this condition first arose, many coal cars were used for ordinary freight shipments that would not be damaged by exposure to the weather. This has been especially true in the east where goods have been shipped to the Atlantic seaboard, and because of the lack of bottoms for foreign shipments, the goods have reposed in the freight cars because the storage accommodations are all used up.

The interstate commerce commission has taken a hand in the situation and has been conducting hearings at Louisville, Ky. An order is expected in a few days compelling all foreign freight cars to be sent to the roads to which they belong. The L. & M. largely devoted to coal carrying, took a decisive step in this direction two weeks ago when it ruled that none of its coal cars should leave its lines. When the end of the road is reached, the coal has to be transferred to another car.

—R. A. Hendrickson of Indianapolis spent the day here on business.

HUNTER IS SHOT IN THE RIGHT LEG

Amputation May Not be Necessary if Claude Crane of Milroy, Victim of Accident, Improves

HAPPENS IN RIPLEY COUNTY

Wilbur Colter of Milroy Shoots at Babbit 40 or 50 Feet Away and Fails to See Crane

Claude Crane of Milroy was seriously injured late Saturday evening when he was accidentally shot by Wilbur Colter. The shooting occurred in Ripley county where they had gone with a party of other Milroy men on a hunting trip. Colter shot at a rabbit, which was forty or fifty feet away from him and failed to see Crane.

There is only a bare possibility that Crane's right leg will have to be amputated just above the knee. The shot tore his leg badly from the hip down to the ankle. He was taken to Versailles and given treatment. If he is not better tomorrow it is planned to rush him to an Indianapolis hospital.

The shell was loaded with No. 7 shot and his right leg was badly torn and lacerated. Colter has been in Ripley county for some time where he and his father are engaged in building a road. A party of Milroy men went there Saturday to visit him and to hunt. The accident occurred just before dark Saturday evening.

Dr. Houghland of Milroy was called to Ripley county and is in charge of the case. He returned to Milroy last midnight but went back to Crane's bedside today. No blame for the shooting is attached to Colter and it is considered to have been an accident.

Mr. Crane is the proprietor of shoe stores in Milroy and Brookville, the firm being known as Crane and Ray. He is well known in this city and county. There was a small chance of saving the leg but this was small. If the amputation is made his chances for recovery are doubtful.

PRESIDENT BACK ON THE JOB TODAY

Withholds Any Announcement Regarding Policies Pending Settlement of Election

WILL BEGIN MESSAGE SOON

(By United Press.) Washington, Nov. 13.—President Wilson was back at work in Washington today. He faced a vast job which must be cleaned up rapidly.

Pending receipts of a message from Charles E. Hughes conceding a democratic victory in the election, the president withheld any announcement regarding his policies for the next four years. He has intimated to immediate friends, however, that he will issue some statement upon receipt of Hughes' message.

The president will start work soon on the message to congress to be read to that body when it reconvenes next month.

RUSSIAN FLEET ACTIVE

(By United Press.) Petrograd, Nov. 13.—The Russian fleet has come to the aid of the Slavonic armies which are fighting in the Dobrudja. An official announcement from the war office today says the fleet has heavily bombarded the Roumanian seaport of Constantza, inflicting great damage.

CONFIDENT OF FREEDOM

Dr. Karl Graves Explains Letters on Which Blackmail is Based.

(By United Press.) New York, Nov. 13.—Dr. Karl Armaguard Graves, "international spy" expressed himself today as confident of freedom from charges of blackmailing Countess Von Bernstorff, wife of the German ambassador. Letters upon which the blackmailing charges were made in Washington were explained by Graves as containing information regarding the U-53 exploits, upon which he says, Count Von Bernstorff made a stock market "clean-up."

INTEREST CENTERS ON LECTURE TONIGHT

Dr. Edward Eccleston Will Describe Work of Plant Breeder at Meeting Tonight

PROCEEDS WILL BUY BOOKS

Luther Burbank is an American nurseryman and plant breeder of international fame for his extensive and skillful development of new forms of plant life through the processes of selection and cross fertilization.

In 1893, his genius and love for production of new varieties of fruits, vegetables and ornamentals caused him to give up a successful nursery business, and to undertake an extensive series of plant breeding experiments, many of which are being carried out today. His work is of untold value in a commercial view of his experiments, but many of the developments of interest to those who see other values.

Dr. Edward Eccleston, the lecturer, a member of the Luther Burbank Society, arrived this afternoon. He will illustrate his lecture this evening by 120 colored slides. Everyone should hear and see this entertainment. The information available tonight should be had by everyone.

Admission for adults, 25c; for will be returned to the advancement students, 15c. The entire proceeds of the public schools of the city. The Luther Burbank library of twelve large volumes will be purchased.

The lecture begins at eight o'clock so that all may have a chance to attend. The doors will not be opened until 7:30 o'clock.

Lon Link of the Rush County National bank is a member of the Luther Burbank society and is greatly interested in the work of Mr. Burbank.

COERCION CHARGE IS INVESTIGATED

Because of New Development, Alleged Election Scandal Hearing is Postponed

VOTES BOUGHT IN THIS STATE

Chicago, Nov. 13.—United States District Attorney Clynne is today investigating new charges that large Chicago business firms made attempts to coerce the votes for their employees last week.

Because of this new development, Clynne said the federal grand jury would postpone its hearings until later in the week.

It is alleged that \$380,000 was spent to swing votes in the industrial section of northern Indiana and that 16,000 votes were bought in Gary, Michigan City and Lake county, Indiana.

CALIFORNIA IS COUNTING VOTES

On Outcome of Official Count Will Depend Whether Hughes' Hopes Are Blasted.

WILL TAKE AT LEAST A WEEK

Hughes' Lead in Minnesota is Cut to 202—Wilcox Will Await Official Returns.

(By United Press.) San Francisco, Cal., Nov. 13.—All California stood expectant today when the official count of votes for president began in each of the 58 counties. On the result will hang the final decision whether Charles E. Hughes' presidential hopes may be revived or have been definitely blasted.

The checkers representing both parties were on hand to keep close watch on the official count. Republican leaders will make their most careful watch in San Francisco and other strongly democratic counties. The democrats will watch more closely in the counties where Hughes received a big vote. It is estimated that it will be more than a week before the count can be completed.

HOLDS IT NOT UNPATRIOTIC

Chairman Wilcox Says it is Natural to Wait For Official Count.

(By United Press.) New York, Nov. 13.—Republican National Chairman Wilcox and Charles E. Hughes are still waiting today for official returns before taking any further action in connection with last Tuesday's election or pending President Wilson's congratulatory message which would concede to him the election.

"I do not think there is anything unpatriotic in waiting until we have official returns before we concede Mr. Wilson's election," said Wilcox.

G. O. P. MAJORITY IN HOUSE

Republicans Have Two More Representatives Than Democrats.

(By United Press.) Washington, Nov. 13.—On the face of the returns as tabulated unofficially in Washington today, the republicans will have 218 votes for organization purposes in the next house of representatives, the democrats 216, and one, Meyer London, socialist, unattached.

NO COMMISSIONS ISSUED

Indiana Will Give New Credentials When Count Ends

(By United Press.) Indianapolis, Ind., Nov. 13.—Herman L. Conter, deputy secretary of state, today announced that full commissions had not been given candidates who won in the recent election but they will be given as soon as official records of the election can be completed. He stated that an extra effort is being made at this time to issue commissions to judges to take office December 15.

HUGHES' LEAD REDUCED

St. Paul, Minn., Nov. 13.—A big error in Fairbault, discovered on official count, with small but consistent gains for Wilson in official figures, including votes by mail and the soldiers vote from 13 counties, cut Hughes' lead in Minnesota to 292.

Amusements

The Gem will show the feature picture "Shoes" for the program tonight. It is a great problem play in which Mary Mae Laren is featured. It is said to be Lois Weber's greatest play and is equal to if not better than "Where are my Children." Tomorrow the second episode of "Liberty" will be shown. This one is entitled "Riding With Death."

The Princess offers the five act drama "The Weakness of Men," for the program tonight. Holbrook Blinn, Eleanor Woodruff and Johnnie Hines are featured. It is said to be a story full of action and flavor of society softened by a romantic touch of the tall timber country. Tomorrow the next episode of "The Scarlet Runner" will be shown. This one is entitled "The Masked Ball."

The third episode of "The Shielding Shadow," the wonder serial released by Eathie and produced by Astra will be shown at the Mystic tonight. This one is entitled "The Mystic Defender." The story is characterized by the actions of Revenger, the man of mystery who attempts to secure proof of a forgery committed by One Lamp. Lonie, which caused Jerry Carson's imprisonment and death. In a cabaret fire Sebastian saves himself and deserts Leontine and she is saved by Revenger.

BREWERIES NEED NOT CLOSE DOWN

Henry Ford Says Those in Michigan
May be Used to Manufacture
Denatured Alcohol.

COMING AUTOMOBILE FUEL

(By United Press.)

Detroit, Mich., Nov. 13.—Breweries in Michigan need not go out of business because that state has gone dry. It is said that they have an opportunity to bring into the automobile industry a new order of things. This is the plan of Henry Ford. Ford proposed today that breweries which will be closed by law Jan. 1 be turned into factories for the manufacture of denatured alcohol "the coming automobile fuel."

AMERICANS ARE BELIEVED SAFE

Chinese Workman Says United
States Citizens at Parral Were
Alive When he Left

VILLISTAS NOT IN THE TOWN

(By United Press.)

El Paso, Texas, Nov. 13.—The first definite information pointing to the safety of the ten Americans at Parral was obtained today by U. S. government officials. A Chinese workman who came overland from Parral to Chihuahua City reached the American border today. He declared to federal agents that the Villistas never entered the town. On the day he left, Nov. 8, he stated he saw two of the Americans alive and believed all the others were safe.

The statement was made to United States Consul Edwards, at Juarez, to be transmitted to the state department in Washington.

New York, Nov. 13.—Political gossip has it pretty well settled that Vance C. McCormick, democratic national chairman is to be taken into president Wilson's cabinet as secretary of war to succeed Newton Baker, who, it is said, will resign March 4.

PLEA FOR A HALF NICKEL

It Would Be Handy In Making Change and Might Reduce Prices.

The ham sandwich, which was once 5 cents, now frequently costs a dime. The same disturbing truth applies to other things in common life, both inside and outside of lunch rooms. There is no need of statistics from economists to inform us that the cost of living has advanced. Every spender of money knows it. Retailers are more reluctant to put prices up than is generally realized. They know that consumption decreases as prices advance. That means less business, and profits depend partly on large business. When more than the traffic will bear is charged the traffic falls off.

Change making is one of the items in up to date retailing. It must be done quickly if expenses are to be kept down. The young woman at the lunch room desk has not time to count pennies. She must deal in nickels, dimes and quarters if she is to maintain her astonishing speed and accuracy.

We need another coin. Three cent pieces were confused with dimes and were hard to use because they were not fractions of other currency. No one but a statistician thinks in decimals. The rest of us do our sums in fractions. Four three-cent pieces make 12 cents, but there is no such coin. Eight of them make 24 cents, but the coin almost corresponding is worth 1 cent more. If three cent pieces were again issued they would not fill the bill.

With a half nickel it would be different. Half a nickel is a fraction of every coin from the half. Were there such a coin 5 cent raises would not have been so common. If there should be such a coin many prices would come down.—Boston Globe.

Phone 1650 Miller Law Building.

Household Hints

Quick Cake

This recipe is offered with the specific injunction that the ingredients be placed in a bowl all together and beaten rather than added separately, as the success of the cake depends upon this. The cake requires one-third cupful of soft butter, one and one-third cupful of brown sugar, two eggs, one-half cupful of milk, one and one-quarter cupfuls of flour, three teaspoonfuls of baking powder, one-half teaspoonful of cinnamon, one-half teaspoonful of nutmeg and one half pound of dates, stoned and cut in pieces. Bake in buttered and flour-cake pan 30 to 40 minutes.

Eggs Stuffed With Cheese

Cut six hard-boiled eggs in halves crosswise, remove the yolks, mash them and add three tablespoonfuls of grated cheese one tablespoonful of vinegar, one-half teaspoonful of salt, one-half teaspoonful of mustard, a few grains of cayenne and enough melted butter or olive oil to make a paste. Shape into balls, re-fill the whites and serve with cream or lettuce.

MASONIC MEETING

Phoenix Lodge No. 62 F. & A. M. will hold their regular stated meeting Tuesday evening at 7:30. A large attendance is desired.

When you buy a range that has proved itself to be the best your money has been well invested. The **MAJESTIC DEMONSTRATOR** will, during the week commencing Nov. 13 show you why the **MAJESTIC** is the best, and why it actually saves you money.

Community Loyalty.

Have you ever stopped to consider the fact that loyalty to community interests is the highest type of patriotism. Show us the man who is loyal and true to every interest of his own community and we will show you in that same individual a man in whom his country can repose absolute confidence in any emergency that calls for his allegiance.

On the other hand, the man who is careless and unconcerned for the interests of his community is more than apt to display the same spirit of indifference toward his government or his state should any serious danger threaten either.

One of the most commendable traits of the old Scotch highlanders was their loyalty to their own clan. Good or bad, right or wrong, the clan had their first allegiance. The life and services of each member were always cheerfully placed at the disposal of the clan.

Try to imagine an entire state composed of innumerable communities welded and cemented into a symmetrical whole, each striving to excel the others, but each, from its own local loyalty, developing a broader and deeper loyalty that reaches out and embraces the whole.

Utopia, you say? By no means. Merely what could and would be the result if we could only be brought to see that we owe allegiance to our own people, but that the prosperity of others is in no wise a detriment to us, but rather a help; that if each community would develop itself to the utmost—physically, mentally and morally—none would need be envious of others, neither would any need do aught to detract from another's interests.

Let us develop community loyalty to the full—the highest possible form of patriotism.

Just Neighborliness.

Stop a minute! Think of the great humanizing quality of neighborliness.

Contrast a community where it thrives and flourishes with one where it is a negligible quantity.

Consider how gregarious a creature is man, and how his very nature demands intercourse with his fellows.

Sit down and reckon up the per cent of your comfort and happiness that depends in whole or in part on the good will of your neighbors.

Think what you would be without neighbors—a modern Robinson Crusoe, a hermit.

Honestly, now, don't about nine-tenths of the enjoyments of life come either directly or indirectly from your neighbors. They certainly do.

Well, now, are you doing your part as a neighbor? Remember, your neighbor needs a neighbor as badly as you do—and you are he. Are you doing your full part to pass along the little acts of neighborliness and kindness that are extended to you? Or are you like the sponge, absorb until you are full and never give up until you are squeezed?

Now ask yourself this question: "What would this world be if every other man were just like me?"

Are you a neighbor, or a sponge? Be a Neighbor.

It Isn't Everybody.

It isn't everybody who can observe the Golden Rule, and it isn't everybody that tries.

It isn't everybody who thinks of others while he is thinking of self, and mighty few ever try.

It isn't everybody who goes through life returning good for evil, and outside of the preacher we don't know of a single one who tries much.

Now do you?

Public demonstrations of affection cloak many a battle behind the home doors.

War Order Balance Grows.

At the end of each succeeding month, the Department of Commerce adds its testimony to the already large accumulation of evidence of the beneficial effect of the war upon American business. Its latest statement is for the month of September, which shows our exports to have been \$515,000,000, while our imports were only \$164,000,000, making a balance in our favor of \$351,000,000 for that one month. In the summer of 1914, after the Underwood tariff law had gone into effect and before the outbreak of the war, the Department of Commerce was issuing monthly statements showing that the balance of trade was against us. We were then buying more than we were selling. We were doing that because the Underwood tariff law threw open the gates and permitted the foreigner to sell his goods here and encouraged the American to buy his goods abroad. The war brought about a radical change. Instead of buying from other countries more than we are selling to them, we are now selling to them \$350,000,000 per month more than we are buying. Every thoughtful citizen knows what effect such a change would have in his personal business, and he must, therefore, know what the effect must necessarily be in national commerce. If any man were spending in his private affairs more than he was taking, he would soon drift into bankruptcy. A sudden change which would put him \$351 per month to the good would immediately put him on the high road to prosperity. There you have a fair illustration of the effect of the war upon American business.

When walking in the shadow of death it is wise to hunt the sunny side of the road.

Opportunity may knock at your door, but it won't force its way through the keyhole.

Life begins with a wail and ends with a kick, and there's a dose of both sandwiched in between.

If you simply must open your mouth, whistle. The noise will not be so distressing to other people.

Everybody wants peace in Europe, but nobody wants it on the other fellow's terms. Hit 'er up!

A healthy mind is conducive to a healthy body. A healthy body produces energy and the ability to accomplish things. Start with the mind.

Edward Laundry, the lone survivor of a ship wreck on Lake Superior one day last week, clung to a life belt and was washed ashore, if you can get any consolation out of that.

LUMBER PRODUCTION GROWS

(By United Press.)

Chicago, Nov. 13.—Lumber production increased 131 per cent over that of last year according to figures compiled by R. S. Kellogg of the National Lumber Manufacturers' Association here. Car shortage and less favorable market conditions now, however, will probably make the total production for the year only 10 per cent greater than in 1915, Kellogg estimated.

Experience in thousands of homes has proved that the MAJESTIC is the one range that gives real satisfaction and cuts down the cost of living. An expert from the MAJESTIC factory will be at our store during the week commencing Nov. 13, and will show you why the MAJESTIC is the only range for you.

RUSHVILLE, INDIANA
"The Home For Savings"

MAY BE PUT ON FINANCE BODY

James E. Watson Stands Chance to Get on Important Committee in Senate.

HAD EXPERIENCE IN HOUSE

Was Member of Ways and Means Committee, Which Corresponds to Finance in Senate.

Washington, Nov. 13.—While it is impossible to forecast at this time, committee assignments that will fall to Senator-elect James E. Watson of Indiana, it is believed to be possible that he may land on the Senate committee on finance. While this would be an unusual assignment for a new member, Watson formerly was a member of the ways and means committee of the House, which corresponds to the finance committee in the Senate, and is familiar with the duties of membership on the finance committee. Senator Kern, who was defeated Tuesday, is a member of the finance committee.

No other state in the Union will have to surrender more important committee assignments in the House as a result of the election than Indiana. Following are the committee berths held by Indiana members who were defeated: Cullup, interstate and foreign commerce; Moss, banking and currency, mines and mining, expenditures in the Department of Agriculture; Gray, naval affairs; Ranch, appropriations; Cline, foreign affairs, census, elections No. 1. The state also loses its places on the rivers and harbors committee, the invalid pensions committee and chairmanship of patents committee through the retirement, respectively, of Representatives Lieb, Adair and Morrison. The defeat of Representative Gray removes one of the most prominent opponents of large naval expenditures. Representative Cline is ranking member of the foreign affairs committee and is acting chairman in the absence of Representative Flood of Virginia.

STATED ASSEMBLY
Rush Council No 41 R. & S. M. will hold their regular stated assembly tonight beginning at 7:30. A large attendance is desired.

Opening Announcement Display
of
"Derryvale" Irish Linens

We have taken the exclusive agency for Rush County of "Derryvale" Irish Linens. For a long time we have sought for linens of exceptional worth, which could be sold at moderate prices. We have found them in "Derryvale" Linens.

THE LINEN INDUSTRY IS HUNDREDS OF YEARS OLD
And some of the processes of manufacture have not been improved upon because they could not be. And this very set-ness has also marked the marketing methods, which were not the most economical.

"DERRYVALE" LINENS ARE SOLD DIRECT TO RETAIL STORES INSTEAD OF THROUGH MIDDLEMEN
This saves considerable cost; a saving we pass direct to you. We will be pleased to have every woman in this vicinity see these beautiful Linens and note well the low prices.

"DERRYVALE" LINENS MEAN A GREAT DEAL IN ECONOMICAL HOUSEKEEPING

Here's Where The Fun Comes In
+++++

Offering Solace
The first returns election night were not very encouraging to James E. Watson and he had visions at first of being defeated. He even expressed his thought, saying that he feared he "was a gonorr." "Oh, that's all right daddy," said Joe Cannon Watson, seven-year-old son of Mr. and Mrs. Watson, "maybe another senator will die."

BEAT HIGH COST OF LIVING.
Bismarck, N. D., Nov. 13.—Adoption of the "family style" of serving food in large containers to state prison inmates has saved the state two cents a day despite soaring food prices, officials said today. Convicts were formerly served individually from trays.

WANTS OLD JOB BACK
(By United Press.)
Washington, Nov. 13.—The name of Edwin F. Sweet was sent to the president today by Secretary of Commerce Redfield for reappointment as assistant secretary. Sweet resigned to run for governor of Michigan and was defeated.

The offer of an \$8.00 set of kitchen ware FREE to every purchaser of a MAJESTIC during demonstration week is genuine. It is an out and out gift to every purchaser of a MAJESTIC range and the price of this range with a reputation remains the same. See this demonstration during the week commencing Nov. 13 at our store.

NATIONAL BISCUIT COMPANY

SOCIETY

Social Calendar

Tuesday

Ladies Aid society of the Christian church, in parlors of church at 2:30 o'clock.

O. N. T. Club, with Mrs. George F. Moore at 341 East Sixth street, in the afternoon.

"500" Club, with Mrs. Fred Boxley in North Main street, in the evening.

Sorosis Club, with Mrs. Newhouse at her home in Glenwood in the afternoon.

Mr. and Mrs. Will Meredith entertained at dinner yesterday Mrs. Charlotte Morris, Miss Georgia Morris and Mrs. Eunice Moore.

Mr. and Mrs. Otto Lewark and Mr. and Mrs. William Lewark motored to Shirley yesterday and spent the day with Mr. and Mrs. William Brooks and family.

The Psi Iota Xi initiation and pitch-in supper, which was to have been held on Wednesday afternoon and evening, has been postponed until later on account of the rally.

Mr. and Mrs. L. B. Miller entertained at dinner at their home in North Perkins street yesterday Mrs. Martha Boyd, Mr. and Mrs. John A. Smith, Mr. and Mrs. Robert Brown, all of Milroy. The guests attended church in the morning.

Mrs. Lenore Blackledge entertained at her country home at dinner yesterday when an elegant three course dinner was served. Covers were laid for the Rev. and Mrs. C. M. Yocum, Mr. and Mrs. G. V. Conway, and Mr. and Mrs. William Alexander.

The coming wedding of Miss Ethel Branch of Indianapolis and Ralph Edgerton of Indianapolis but formerly of this city, is of interest to the many friends of Mr. Edgerton here. The announcement was made recently and the wedding is to take place December 4th.

When Miss Effie Young and William Williams of Connersville returned to the home of Miss Young in East Third street Saturday evening from the show, and though it was Miss Young's 19th birthday, she was more than surprised to find the home prettily decorated in airy strands of pink and white, and to be greeted cordially by a number of her young friends. The complete surprise had been arranged by Mr. Williams. The pink and white decorations were augmented with pretty bouquets of carnations of these shades. During the evening, piano and Victrola music was played while the guests danced and, too, tested

their wits in the several clever contests that had been arranged.

A pretty picture awaited them when they were invited into the dining room. It was lit only by the candles on the table, which was centered with the huge birthday cake adorned with the 19 tiny candles. Individual candles were at each of the places and other appointments were carried out in pink and white. The ices and confections suggested these shades, and favors of flowers were given the guests. The hostess was the recipient of a number of lovely gifts.

The young people, who as the guests of Mr. Williams, joined in this delightful evening as a compliment to Miss Young were the Misses Anna Gessler, Ethel Oakley, Kathleen Coyne, Bernice Reynolds of Connersville, Nellie Brown, Eleanor Doll and Albert Sweet, Laurence Knecht, Arthur Dowdy of Connersville, Carl King, Roscoe Best, and Bert Coleasure, all of Connersville.

The beauty of the descriptions in W. H. Hudson's "Green Mansions" was one of the keynotes struck in Miss Margaret Donnan's talk before her class at the home of Mrs. Jane Kincaid in North Morgan street Saturday afternoon. She dwelt particularly upon Mr. Hudson's art in description as shown in this modern novel. Miss Donnan in her own inimitable manner, gave an excellent idea of their color and beauty. She, too, gave a short synopsis of the plot, dwelling briefly with the characterizations. Her choice in the short readings given from the book, brought it before her hearers plainly, too. The opinions of John Galsworthy and several other prominent modern writers concerning the book were given.

Miss Donnan spoke, too, of Margaret Deland's book "The Rising Tide" which contrasts the modern woman and the old-fashioned one. The modern girl, Fredrica, whose mother and grandmother are strictly old-fashioned, is the character about which the plot centers. Her bringing up in peculiar surroundings and her development into a strictly modern woman is the problem of the book, which Miss Donnan compliments very highly.

Tagore's recital in Indianapolis was commented on by Miss Donnan, who spoke of it as "the most interesting thing" she had ever known in Indianapolis. The atmosphere created by his native costume as he read his own poems held the audience mystified. His first intention to speak on "The World of Personality" was changed when he saw he was to speak before, as he called it, a "mixed audience" and instead he spoke on "Nationalism." He was intensely interesting.

At the next meeting of the class, which will be at the home of Mrs. F. G. Hackleman in two weeks, Miss Donnan, aside from reviewing a modern novel will speak on a book of modern poems.

Miss Virginia Haydon will entertain the members of her Sunday school class at her home in North Main street this evening.

The Ladies Aid society of the First Baptist church will be entertained on Wednesday afternoon by Mrs. B. W. Reynolds at her home.

The Band of Workers of the First Presbyterian church will be entertained on Wednesday afternoon by Mrs. Laura Carmichael and Mrs. B. O. Simpson at their home in North Main street.

"Indiana Day" will be observed at the meeting of the Sorosis Club to be held with Mrs. Newhouse at her home in Glenwood tomorrow afternoon. An exceedingly interesting program will be carried out.

The members of the Ladies Aid society of the Christian church are requested to meet in the church parlors tomorrow afternoon and to bring their needles and thimbles with them.

The members of the B. Y. C. D. class of the First Baptist church will have an important meeting at the home of Mrs. Mae Lancaster in East Eighth street this evening. The members are all urged to attend.

At their pretty home in New Salem, Mr. and Mrs. E. J. Perkins entertained at dinner Sunday Mr. and Mrs. Ed Perkins and son, Elmer, Mr. and Mrs. Earl Perkins, Mr. and Mrs. Harvey Reed and Mr. and Mrs. J. E. Fore and children, Kate and Merl.

Mr. and Mrs. Norman Crum had as dinner guests at their home in North Jackson street yesterday Mr. and Mrs. Earl Readle and family, and Mr. and Mrs. John Benning of Orange township and Mr. and Mrs. Charles Benning of south of the city.

Mr. and Mrs. Roy Magill entertained at their home in North Main street yesterday Mr. Magill's parents and their family including Mr. and Mrs. George A. Magill and children, Orie, Russell and Edith, of Eaton, Ohio. They made the trip in their machine.

Mr. and Mrs. Lowell Norris gave a pretty dinner party at their home near New Salem yesterday. Chrysanthemums formed the stately bouquets adorning the rooms. A sumptuous course dinner was served at noon to the guests who were Mr. and Mrs. William Dagler, Mrs. Stella Walker of Richmond, Warren Dagler, Ross Ford, and Mr. and Mrs. Fred Dagler.

A dinner in honor of Mr. and Mrs. Marshall Stewart and children, Ruth, Russell and Harriet, was given by Mr. and Mrs. Bert Orme at their home in East Third street yesterday at high noon when an elegant course meal was served. Covers at the dinner were laid for Mr. and Mrs. Claude Smith and daughter, Ma and Mrs. Lon Stewart, Mr. and Mrs. H. C. Webb, Russell Boyd, and Frank Webb, aside from the guests of honor.

The members of the Missionary societies of all the churches are invited to attend the meeting this evening at the United Presbyterian church, when Miss Kate Hill, a returned missionary from India, is to speak. Miss Hill, whose home is in Mitchellville, Iowa, is said to be an intensely interesting speaker.

On account of the meeting this evening, the regular meeting of the missionary society of the United Presbyterian church, which was to have been held this week, has been called off.

A beautifully appointed six o'clock dinner was given by Mr. and Mrs. Walter Duke at their home in North Perkins street yesterday afternoon. Pretty bouquets of flowers were the attractive decorations. The guests enjoying the hospitality of Mr. and Mrs. Duke at the dinner were Mr. and Mrs. Wilbur Chance of Falmouth, Mr. and Mrs. John Knecht and children, Arthur and Selma, Laurence Knecht, Mr. and Mrs. Ed Oakley and Miss Ethel Oakley and Miss Maymie Kuntz and Ferd Strack of Connersville.

An unusually pleasant and profitable session of the Royal Neighbors was held last evening at their hall on

Rush County's Trading Home

This Is

A Complete Girl's Store

Everything that girls wear is to be found here in ample assortments, in a full range of sizes and prices and in qualities unquestioned.

The same care and discrimination is used in the selection of girl's wear as in that of ladies. This means that the school girl is permitted to partake of the same style and individuality as does her mother. When you next contemplate making new garments for your daughter, first see those that we offer you ready-made; note the style that you cannot possibly obtain; note that the fabrics are the very best; and then compare the prices of the finished product. Ready-made garments for girls are as far ahead of those made at home as the automobile is ahead of the horse-drawn vehicle.

Dresses For Special Occasions

THE MAUZY CO.

West Fifth street. Beside the local members several out-of-town guests were present, among them being Mrs. Wright of Rushville and Mrs. Anderson of Columbus, Indiana. Mrs. Anderson as district deputy delivered an instructive address to the local organization. Following the program, a luncheon was enjoyed—(Connersville Examiner.)

Mrs. Flora Freeman of San Jose, Cal., was honored at the family dinner given yesterday by Mr. and Mrs. E. L. Kennedy at their home in East Seventh street. Mrs. Kennedy is a sister of Mrs. Freeman. The family gathering was a delightful one and a bountiful dinner was served at noon to the members of this group who were Mr. and Mrs. Oscar Chance of Connersville, Mr. and Mrs. Lon Kennedy and son, Weldon, Mr. and Mrs. Harry McMillin and family, Mr. and Mrs. Karl Kennedy, Mr. and Mrs. Herman Tompkins and son, John K., Mr. and Mrs. Charles Kennedy and family of Mays.

In honor of his 61st birthday, James Newhouse was pleasantly surprised at his home "The Twin Oaks," near Gwynnville yesterday at noon by a number of friends. The pitch-in dinner was served in buffet style and a social afternoon followed. The friends of Mr. Newhouse complimenting him in this way were Walter Newhouse of Chicago, Mrs. A. N. Newhouse, Alonzo Newhouse, Marshall Newhouse, Mr. and Mrs. John Cohee, Mr. and Mrs. Greely Mauzy, Mr. and Mrs. Samuel Newhouse, Mrs. Flora Abernathy and daughter, Irene, Mr. and Mrs. Joseph Stevens, Mr. and Mrs. Alva Newhouse and children, Paul and Ruth, and Mr. and Mrs. Charles Caldwell and daughter, Josephine.

HAS YOUR HOUSECLEANING BEEN DELAYED THIS FALL?

HAVE you been compelled to PUT OFF the washing of LACE CURTAINS, Rag Rugs, Wool Blankets and Counterpanes just because of the unseasonable weather? Very likely! Then why not depend upon the good laundry of Rushville? Then you will not be delayed and will be saved lots of bother. There is no such thing as bad or unseasonable weather in the laundry. So far as they're concerned, the sun is always shining. Get rid of bother and delay in the washing incident to housecleaning.

Furnishing Maid's Room

Every housewife wants to keep her servant or servants, not only with her, but happy and contented as well. High wages alone will not achieve this result, nor will easy work. It is natural that the young women who come into our families should wish to be made comfortable while they are with us and that they care much about having attractive surroundings.

The maid's room should be furnished with as much care as any in the house—if possible have the walls painted with some light cheerful color. Also have a painted floor with light rugs. Of course a sanitary wash stand is the best, but a good sized table with enameled cloth is an acceptable substitute. Have a large-sized enameled ware basin,

pitcher and hot water can—these implements are much lighter and pleasanter to use than cheap crockery; will not break with careless handling and are easily kept perfectly clean.

The only curtains in the room should be of wash material and kept immaculate. Give the maid a comfortable chair, preferably a rocker with removable cushion, a good light, either lamp or gas, and let her feel that her room is her castle. If possible, give each maid a room to herself. Where this cannot be managed divide the rooms with screens, give each girl her own bed and her own washing appliances.

Nothing can ever settle the so-called "Servant Question," but a neat, comfortable maid's room is a great help towards the solution.

The new telephone number at the residence of Dr. R. J. Hall is 2103, 208tf.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

CHIROPRACTIC

The ONLY science ever discovered for eradication of disease by going directly to the cause.

ANITA STEWART SAYS—

The Daily Republican will from time to time print talks with Anita Stewart, the celebrated Vitagraph star, who is frequently seen on the screen in Rushville and has many admirers here. Her discussion of topics will undoubtedly be of immense interest to women. The first of the series is given today as follows:

My First Role

Perhaps you will never know how nervous I was about my ability to "make good" when I learned that I was to have a real, true role. Of course, I had played before the camera before—but never before had the entire success of a picture depended upon me.

How many times I read my "script," dwelling on the scenes which I believed would be the most important in the finished picture. Both mother and myself talked about the costumes that I was to wear and the best interpretation of the part, for all the preceding weeks. I am sure those about must have found us rather homesome, for we were both so delighted that we could think of nothing else.

After my first day of work I was so frightfully tired that I wondered if I would live to go through with it. How did the players do it? I wondered.

And finally the whole film had been

taken and was ready to be shown in one of the projection rooms of the company. As anxious as I was to see myself, I entered the room with beating heart, and almost ran out before they put the little picture on the screen.

Everybody was lovely—praising me enthusiastically when the film was over and predicting my success within a few months. Yet I know that my supreme test was yet to come. What would the cold, critical public say about my first big effort? Would they laugh at the troubles of the little Wood Violet, or would they cry over them?

The first run of the picture was in New York, and both mother and I entered the darkened auditorium in the middle of the story. Immediately my fears were gone. My fondest hopes were at last realized. Visions of success floated through my brain in hazy confusion. A sour-faced old man next to me was catching his breath to stop the tears. The human interest and sympathetic touch had consummated its mission—people really did think my work was worth while.

Other parts have since helped me in the climb up the ladder of success, but I will never forget this part in "The Wood Violet." It gave me hope, and faith in myself; and that is, after all, half the struggle.

Unshaken Testimony

Time is the test of truth. And Doan's Kidney Pills have stood the test in Rushville. No Rushville resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

E. L. Hinkle 815 - N. Jackson street, Rushville, says: "I was on the verge of Bright's disease. Sharp pains in my back radiated to all parts of my body and I was hardly able to walk. I couldn't rest well, owing to the irregular action of my kidneys. I doctored for over a year, but found no relief whatever. Doan's Kidney Pills entirely cured me and made me feel like a different man. The terrible pains left and the action of my kidneys became regular." Statement given Feb. 26, 1910.)

THE CURE LASTED.

On September 20, 1915, Five years later, Mr. Hinkle said: "The cure Doan's Kidney Pills made for me is still lasting."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hinkle has twice publicly recommended Foster-Milburn Co., Buffalo, N. Y.

HOOSIER BRIEFS

Brabill—Grass fires in the vicinity of Brazil burned twenty-one coal cars on a railroad track.

Elkhart—Elkhart will soon have a visiting nurse, who will work under the direction of the county public welfare nurse.

Shelbyville—A petition presented to the city council asks that the order prohibiting policemen from serving peace court warrants be rescinded.

Anderson—Harry Howard, junk dealer, of Muncie, Ind., was brought here from Muncie charged with stealing a bronze tablet erected three miles from the city by the D. A. R. The tablet marked the site of the Moravian mission conducted in that vicinity in 1801.

Gary—The new city directory states that Gary has a population of 55,000. The book contains 4,000 more names than any previous one has contained.

TODAY'S HOOSIER ODDITY.

Elkhart, Ind., Nov. 13.—An election bet here on the eve of the national contest was that if Hughes won the Wilson supporters was to wear a wrist watch and use ladies' perfumed handkerchiefs exclusively. The Hughes enthusiasts agreed to eat ten snow balls as a days ration this winter before an assembly if the results were reversed.

AFTER THE GRIPPE

Vinol Resorted Her Strength

Canton, Miss.—"I am 75 years old and became very weak and feeble from the effects of La Grippe, but Vinol has done me a world of good. It has cured my cough, built up my strength so I feel active and well again."—Mrs. LIZZIE BALDWIN, Canton, Miss.

Vinol aids digestion, enriches the blood and creates strength. Unequaled for chronic coughs, colds or bronchitis. Your money back if it fails. F. B. Johnson & Co., druggists, Rushville, and also at the leading drug store in all Indiana towns—(Adv.)

PAY TELEPHONE TOLL

Don't overlook to pay your telephone toll before Nov. 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVEY, Secretary. 198110.

WAS UNCOMFORTABLE.

Anderson, Ind., Nov. 13.—Fernandes Wilson, an attorney near Alexandria was caught by an enraged bull in a field before he could reach a place of safety. The bull jumped astride Wilson, who grabbed the bull's tail and hung on so the animal could not paw him. Assistance reached him about an hour later.

We have made up another lot of scratch pads and are now on sale at the Republican office.

Ford

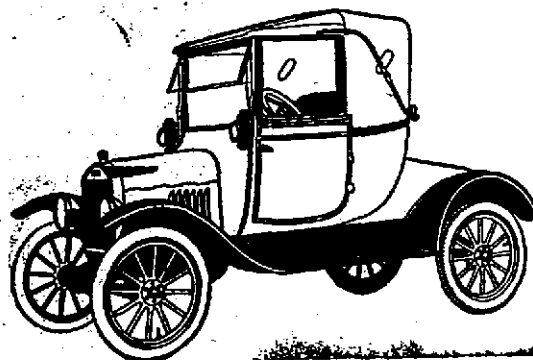

THE UNIVERSAL CAR

Three strong reasons urge you to buy the Ford car: First, because of its record of satisfactory service to more than fifteen hundred thousand owners; Second, because of the reliability of the Company which makes it; Third, because of its large radiator and enclosed fan, streamline hood, crown fenders front and rear, black finish, nickel trimmings, it is most attractive in appearance. To these must be added its wonderful economy in operation and maintenance—about two cents a mile; likewise the fact that by reason of its simplicity in construction anyone can operate and care for it. Nine thousand Ford agents make Ford service as universal as the car. Touring Car \$360, Runabout \$345, Coupelet \$505, Town Car \$595, Sedan \$645—f. o. b. Detroit. On sale at

EXTREME WEAKNESS AND SUFFERING

Read How Mrs. Goodling got Relief and Strength.

York, Pa.—"I have used Lydia E. Pinkham's Vegetable Compound and found it to be all you say it is. I was so sick that I could not stand at my sink to wash dishes and I could not sit without a pillow under me. I had the doctor every few days but since I have taken the Compound I don't have to send for him. I have had three children and could not raise any of them, but since I have taken the Compound I have a bright baby boy. I advise every suffering woman to try it and get relief. It has done wonders for me."—Mrs. CATHERINE GOODLING, 138 E. King Street, York, Pa.

When a medicine has been successful in bringing health to so many, no woman has a right to say without trying it, "I do not believe it will help me." There must be more than a hundred thousand women in this country who, like Mrs. Goodling, have proven what wonders Lydia E. Pinkham's Vegetable Compound can do for weak and ailing women. Try it and see for yourself.

If there are any complications you don't understand, write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

This is Mrs. Good Provider! I'm her husband here beside her!

I'm the man with the educated appetite and three times a day this fair one on my left makes my digestion sit up and take notice. We want to say a good word for this grocery store. It sells good groceries politely and reasonably.

JAPAN'S TRADE SHOWS GAINS

War Has Also Helped This Country According to Figures Just Made Public.

ENJOYS GREAT PROSPERITY
Exports to South America Has Nearly Doubled Showing This Country Should Get Busy.

BY RALPH H. TURNER.
(U. P. Staff Correspondent.)
Tokio, Nov. 13.—Some idea of the wonderful progress Japan has made in her foreign trade since the war is gained from figures just announced here. In every part of the world this nation has been establishing her products, new markets have been opened and steamship lines, subsidized by the government, extended to every big port of call on the face of the globe.

Greatest prosperity is being enjoyed, perhaps, in the trade with Russia, Japan's ally, who is buying everything from munitions to boots and shoes. In one month, last August—Japan exported goods to Russia valued at \$5,343,600. This figure becomes all the more significant when it is stated that the imports this country received from Russia reached only \$32,125, leaving a balance of \$5,311,475 in favor of the exports.

South America is another part of the world where Japan has found markets which she hardly knew existed before. Exports to the South American countries for the first eight months of this year amounted to \$1,036,660, not a large figure when put alongside records in American trade, but worth considerable attention when it is recalled that during the same period last year Japan's exports to South America were valued at only \$603,574. Thus her trade in that direction has been nearly doubled in a year.

The South American republics to which the principal amounts were exported are: Argentina, \$444,275; Chile, \$352,335; Peru, \$157,017. Japan has found a new and very profitable market in South America—and she intends to hold it.

Then comes China, a market which Japan declares really belongs to her, a market in which she promises to outlive all other foreign powers. During the last ten days of September just one-third of a month—Japan's exports to her neighbor amounted to \$2,446,309. For the first nine months of the year the total amount of exports to China was \$60,751,721, an increase of \$16,156,448 over the corresponding period a year ago.

As an illustration of the way trade with Australia has been growing in the proverbial "leaps and bounds," Japan's largest steamship company, the Nippon Yusen Kaisha, a firm in which the Imperial family owns a great part of the stock, has just added two more vessels to its line to the Antipodes, making a total of ten Japanese vessels which are now plying between this nation and Australian ports.

PIMPLY? WELL, DON'T BE!
People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Do your clothes look yellow? Then use Red Cross Ball Blue; makes them white as snow. All grocers.

Underground Cities of Feudal Days Part of German Defense

(U. P. Staff Correspondent.)
With the French Armies on the Somme, Oct. 22.—(By Mail)—While the cave warfare which has been adopted by the Germans as their latest style of defensive tactics is being greatly facilitated at the southern extremity of the Franco-British offensive by the existence of caves dug by the Hugonots, it is being even more facilitated at the northern extremity of the "big push" by the existence of entire underground villages.

The caves, cellars and vaults, dug by the Hugonots in the province of Santerre, both for refuge and for concealing their valuables, date back to the religious wars which were waged in France several centuries ago. The subterranean villages in the northern part of Picardy are of a more antique origin and go back to feudal times.

As a rule, they are dug into solid rock, and the French General Staff has reason to believe that their existence was not only long ago known to Germans, but long ago counted upon by the German General Staff as a definite means for clinging onto the soil of France.

There is not every reason to believe that the series of underground villages in Picardy is to be utilized largely by the Germans in constituting a new line of defense against the Franco-British drive that has now pushed them entirely out of their three line trench defense which they had regarded as absolutely unbreakable.

By a combination of circumstances, the immense navigable canal which was being dug in the northern part of France when the war began, and which was to have been one of France's greatest inland waterways, skirts and districts of underground villages on the west and constitutes an additional asset to the Germans for their new line of

defense. This canal starting from Peronne, where it was to connect up with the Somme canal already in existence, traverses the northern half of the pathway of the Allies' offensive, cutting the Bapaume-Cambrai road near Hovins court.

At the moment war was declared this canal was practically completed and ready to have the water turned in. At the foot of Mount Saint Quentin, the French have already reached the banks of this canal, and it has been ascertained that the Germans are utilizing the big ditch for their new line of defenses. This does not constitute a serious fact for the French General Staff, as it is of course in possession of all the details of the canal's construction. What it does regret, however, is that its occupation by the Germans will unquestionably force its complete destruction by the Allies' heavy artillery and the years of time and millions of francs spent in its construction will be entirely wiped out.

Along the line of this canal are also to be found the underground villages of feudal times which it is now known are being organized by the Germans with machine guns for a final resistance. One of the most famous of these subterranean villages is a Hermies, on the banks of the canal. The village is dug in the solid rock, and consists of 115 chambers with about 800 alcoves. The entrance to this village is under the tower of the church and its fortification by the Germans will of course entail the destruction of the entire church edifice by the Allied artillery. Other similar underground villages are to be found in the valley of the Exuette, traversed also by the canal, and at Ypres. Getting the Germans out of these subterranean villages is not considered a serious problem by the French General Staff.

SCOTT'S DRIVES OUT COLDS SEMULSION

When you buy a range that has proved itself to be the best your money has been well invested. The MAJESTIC DEMONSTRATOR will, during the week commencing Nov. 13 show you why the MAJESTIC is the best, and why it actually saves you money.

ALL ARCHITECTS OF THEIR OWN COLDS

Dr. J. N. Hurty Says Whether a Man Shall Have One This Winter Depends on Him Alone.

SAME APPLIES TO OTHER SEX

(By United Press.)
Indianapolis, Ind., Nov. 13.—In an effort to prevent the coughing and sniffling that is general in Indiana every winter, Dr. J. N. Hurty, secretary of the state board of health, has issued a bulletin telling how to prevent getting colds.

Dr. Hurty said, "The best remedy and the best method of prevention that I can offer is to eat moderately and breathe plenty of pure air. Every man is the architect of his own cold."

"Colds usually make their appearance after one has eaten a heavy meal, sat in a closed room with many people and breathed tobacco smoke. Heavy eating lessens the resisting power and give the microbes an opportunity to get in their work."

WANT ADS BRING RESULTS

WAR TAKES ALL FROM HER.

(By United Press.)
Winnipeg, Man., Nov. 13.—Offering up six sons, three step sons and a brother in law to death on France's battlefield, with the Canadian armies, Mrs. Emma Wilkins' spirit of optimism remains undimmed today though she learned her husband died defending the Union Jack in Africa. When England entered Europe's war, she urged ten of her kin to join Canadian colors.

IN INDIANA TODAY

Hartford City—Albert Thomas, a farmer living near here, is on trial today on a charge of first degree murder. He is charged with killing Geraldine Stout, when he threw a bucket of corn into the automobile in which she was riding.

Indianapolis—A twelve day campaign was started today to raise \$200,000 for building a modern boarding house in connection with the Y. W. C. A. Prayer week for the Y. W. C. A. workers of the world was opened yesterday.

Shelbyville—Odd fellows of Shelby county are today celebrating the seventh anniversary of the lodge in this city.

KEEP A JAR OF MUSTEROLE HANDY

It Quickly Loosens Up Coughs and Colds in Throat or Chest

Just a little Musterole rubbed on your sore, tight chest before you go to bed will loosen up congestion and break up most severe colds and coughs.

Musterole is a clean white ointment made with oil of mustard. Simply rub it on. No plaster necessary. Better than mustard plaster and does not blister.

Thousands who use Musterole will tell what relief it gives from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet and colds (it often prevents pneumonia).
25c and 50c jars; hospital size \$2.50

We can use double treatment successfully on pigs from 3 to 10 days old. Have your pigs immuned before you wean them and before winter sets in. **Phone 1517**

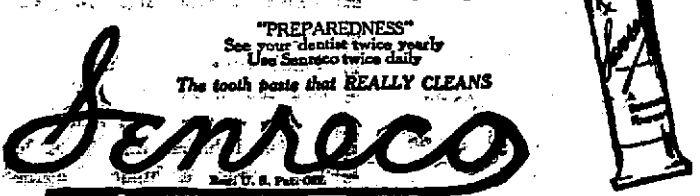

—after you clean them.

You will find, in all probability, an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. YOUR DENTIFRICE does not FULLY CLEAN! Loss of teeth is caused usually by one of two conditions—Pyorrhea or decay, both of which develop, as a rule, only in the mouth where germ-laden tartar is present.

SENRECO, the recently discovered formula of a dental specialist, is two-fold in its action. First, it REALLY CLEANS, embodying specially prepared, soluble granules unusually effective in cleaning away food deposits. Second, it is particularly destructive to the germ of Pyorrhea. Yet it is perfectly safe, containing neither injurious chemicals nor hard grit.

Avoid Pyorrhea and decay. Get Senreco from your dealer today. In large tubes, 25c. Send 4c to Senreco, 304 Walnut Street, Cincinnati, Ohio, for liberal-sized trial package.

OPERA SEASON OPENS TONIGHT

New York Music Lovers Will Have First Opportunity to Hear Some New Songbirds

NEW PIECES PROMISED TOO

Among Foremost to be Presented is Reginald De Koven's "Canterbury Pilgrims."

(By United Press.)

New York, Nov. 13.—New York's season of grand opera which opens tonight at the Metropolitan Opera House is replete with novelties and will give the Greater City's music lovers opportunity to hear several new songbirds.

Among the operas to be sung for the first time is Reginald De Koven's "Canterbury Pilgrims" with book by Percy Mackaye. The presentation will be the opera's world premiere. Other operas to be sung here for the first time are "Iphigenia in Tauris," by Gluck to be sung in German; "Francesca da Rimini," music by R. Zandonai book by Gabriele d'Annunzio, to be sung in Italian and "Les Pecheurs des Perles," by Bizet to be sung in French.

The new artists are Alice Eversman, Odette Le Fontenay, Marie Sundelius, Kathleen Howard, Paul Eisler and Gennaro Papi. Papi is to be second conductor of Italian opera.

Artur Bodansky and Giorgio Polacco have been re-engaged as conductors. The artists of yesteryear re-engaged are:

Sopranos: Frances Alda, Maria Barrientos, Anna Case, Vera Curtis, Emmy Destinn, Minnie Egner, Geraldine Farrar, Rita Farni, Johanna Gadschi, Mabel Garrison, Frieda Hempel, Melanie Kurt, Edith Mason, Alice Nielsen, Marie Rappold, Lenora Sparkes and Rosina van Lyck. Mezzo-sopranos: Mariska Aldrich, Emma Hornigaglia, Sophie Braslau, Raymonde Delaunoy, Louise Homer, Marie Matfield, Margarete Metzenauer, Florence Mulford, Margarete Ober, Flora Perini, Lila Robeson and Ernestine Schumann-Heink. Tenors: Paul Althouse, Pietro Andisio, Angelo Bada, Julius Beyer, Max Bloch, Luca Botta, Enrico Caruso, Riccardo Martin, Giovanni Martinelli, Albert Reiss, Johannes Sembach, and Jacques Urlus; baritones: Pasquale Amato, Bernard Begue, Giuseppe de Luca, Otto Goritz, Mario Laurenti, Carl Schlegel, Antonio Scotti, Robert Leonhardt, Vincenza Reschiglian, Riccardo Tegan, Herman Nell, and Clarence Whitehill; basses: Carl Braun, Adamo Didur, Pompilio Malatesta, Arthur Middleton, Giulio Rossi, Leon Rothier, Basil Raysdael, Andera de Serapola and Henri Scott.

Giulio Gatti-Gasazza continues as general manager.

Has it ever occurred to you that a worn-out range wastes money in burning too much fuel and spoiling food? A range expert who will have charge of the MAJESTIC DEMONSTRATION during the week commencing Nov. 13 will show you how the MAJESTIC range cuts down household expenses.

LOST—Blue gingham dress between 312 East Seventh street and 205 North Main. Phone 1673. 207tf

FOUND—pair of ladies' white kid gloves, almost new. Call at this office. 204tf

KIDNEY DISORDER

(By DR. L. C. BABCOCK)

Simple methods are usually the most effective ones when treating any disorder of the human system. The mere drinking of a cup of hot water each morning, plenty of pure water all day, and a little Anuric before every meal has been found the most effective means of overcoming kidney trouble. Death would occur if the kidneys did not work day and night in separating poisons and uric acid from the blood.

The danger signals are backache, depressions, aches, pains, heaviness, drowsiness, irritability, headaches, chilliness, rheumatic twinges, swollen joints, gout.

life will waste no time in beginning this treatment. All people in America and especially those who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in their arteries, veins and joints. They often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. Such people are not always able to exercise sufficiently in the outdoor air or drink enough pure water in order to sweat freely and excrete impurities thru the skin. Anuric will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant need of getting out of bed at night.

TELLS HOW THEY FIGHT FROM TANK

Diary of Wounded Soldier Describes This Newest Engine Going into Action.

BULLETS FAIL TO STOP THEM

They Go Over Trenches and Through Towns—Creates Sensations When First Started.

(By United Press.)
London, Oct. 26.—(By Mail)—A young Australian soldier, wounded while serving as one of the crew in a "tank" has given the world the first real story of what happens when this newest engine of war goes into action. His diary of a week's work in an armored juggernaut follows:

Monday—Out for the first time. Strange sensation. Bullets rained like hail on a galvanized roof. Suddenly gave a terrible lurch. Looked out and we were astride an enemy trench. "Give 'em Hell" was the order. We did. The frightened Germans ran like rabbits but were shot down in bunches. Machine-guns started a rattle on our "hide." Not the least impression. Moved on and caught another German detachment. Cut their ranks to ribbons. Prisoners very curious stared at us wide-eyed. First day's experience not pleasant. "Tank" sickness is as bad as sea-sickness.

Tuesday—Off for another cruise. Peppering began at once. Thought the old tank was going to drown in the shower of bullets. Silly blighters thought they could rush the tank like a fort. We fired at them point blank. We spat at them venomously.

The blessed old tub gave a lurch. I thought it was goodbye to earth. It was only some German dead and wounded we had skidded into. Rain of bullets sounded like hundreds of rivets being driven into the tank's hide. We got to like the regular rhythm of it. Heavier strumming on our keyboard. Machine-gun at it. There was a tremendous thud about this time. Whole outfit thought we were done for. Only some unwonted obstacles along an enemy parapet. Some Huns tried the rushing dodge. Their rushing days are over.

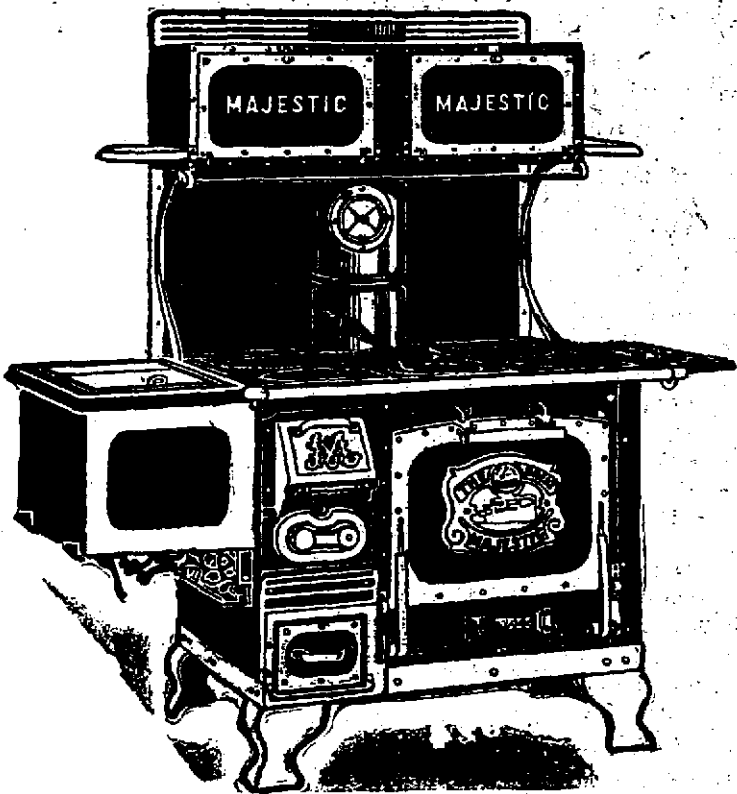

Wednesday—Early start. Roughest voyage yet. Waves of fire seemed to break over us. Party of Germans came to meet us outside the trenches. Thought it was the Mayor and village notables coming to give us a warm welcome. Mistaken. They let fly with machine-guns. Then they tried boarding tactics. We laughed. Tank reception party dispersed in cloud of smoke. Only remaining members fat old gentleman threw himself down before us with many signs of submission.

Thursday—Passed down village street of wrecked houses. Huns rushed out of cellars and dug outs. One blighter rushed at us with clubbed rifle. Made terrible swipe at tank. Hurt himself more than us. Had nice joy ride after a bevy of fleeing Germans. All fat men.

Friday—Early afloat. Usual shower of bullets. Got right across a trench. Enemy tried to run but couldn't. Threw up sponge. One cheeky chap said he didn't think it was fair to use such fighting machines. We asked him if he thought we ought to get the Kaiser's permission to use the tanks. Didn't see the joke. Took about 200 prisoners. Killed and wounded as many more. Tired out.

Saturday—Out before breakfast. Terrible crash first thing. Thought we had encountered wandering world. Weathered storm. Rare sport. Enemy preparing for surprise attack. Our surprise came first. We waddled into their ambush. Never saw men so frightened. On ly few chaps stayed behind. Went snorting after them wherever we could find them. Later strong detachments tried to make their way back. We lined up across road gave them hot time. Every time they tried to rush we ripped their ranks to bits. They finally gave up.

Sunday—Frightening Germans continued. Laddled out death as you might vamp out music from a hurdygurdy. Fritz got fits. No fight left in him. Prisoners scared to death. Some of them acted as

During this week we will have a special demonstrator from the Majestic Factory to explain how the Majestic is made and why it is absolutely the best range; why it lasts longer and cuts down repair expenses; why it bakes bread evenly, top, sides and bottom without turning; why it uses so little fuel and saves food waste. He will explain its labor saving construction and why it heats an abundance of water good and hot—a mighty convenient and useful thing to have a big supply of hot water always on hand isn't it.

To buy a range by mail is almost certain to end in disappointment and loss of money. It may be "exactly as represented" yet not be what you thought it was nor what you wanted.

Here you can see every part of the Majestic—you can know what you are getting before you buy. Decide now that you will discontinue using that old, worn-out range. You will save money in fuel, repairs and cooking. Buy a Majestic—the range with 25 years' reputation. The demonstrator will answer any questions relating to stoves.

SYSTEM GROWS BY LEAPS AND BOUNDS

Twice as Many Books Loaned by State Library This Year as During Previous Year.

WORKS ON COUNTRY LIFE

(By United Press.)
Indianapolis, Ind., Nov. 13.—Tremendous growth has marked the record of the borrowing system of the state library. During the last year, books loaned to public libraries and individuals over the state numbered twice as many as had been loaned during the previous year.

Demarcus C. Brown, librarian and secretary of the state library board, announced that 11,959 books has been loaned last year with an average of forty-seven each week. Libraries in all of the counties in

the state except one are on the list of borrowers. This in itself is indicative of the interest in the books in the state library which are not in the majority of the libraries in Indiana, according to Brown.

Books most recently acquired for the special use of the borrowers are about country life, the farm, and the small town.

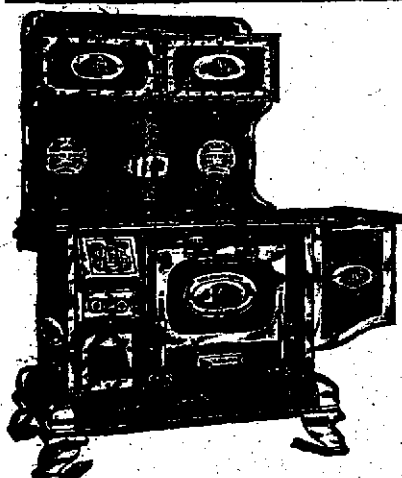

The report for 1915 and 1916 shows that 22,216 books were loaned during that time, an increase over the bi-ennial report of 1913 and 1914, which shows that 12,847 books were loaned for the two years.

RUBBER STAMPS

Whenever you are in need of rubber stamps of any description, whether for marking linen, or name stamps, we will be pleased to show you samples. The Republican Company. 1931f.

The South Bend Malleable Range

The only Range made using the Keystone Copper Bearing Aluminum Fused Metal, and is the greatest protection against rust and corrosion known.
